Fixtures and fittings	- 25% reducing balance
Computer equipment	- 33.33% straight line

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted and that are expected to apply to the reversal of the timing difference.

Current or deferred taxation liabilities are not discounted.

Pension costs and other post-retirement benefits

Pension costs are charged to profit or loss during the year in which they are payable.
