**Notes to the Abbreviated Accounts  
for the year ended 31 March 2016**

**1. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The financial statements have been prepared on the going concern basis, which assumes that the company will continue in operational existence for the foreseeable future. As the balance sheet had significant current liabilities at the year end and is technically insolvent, the going concern basis is dependent upon the continued support of the creditors of the company, who will not draw on their current account.

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

**Turnover**

Turnover represents net invoiced sales of services, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

|                       |                           |
|-----------------------|---------------------------|
| Plant and machinery   | - 25% on reducing balance |
| Fixtures and fittings | - 15% on reducing balance |
| Motor vehicles        | - 25% on reducing balance |
| Computer equipment    | - 25% on reducing balance |

**Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
