Notes to the abbreviated accounts

For the year ending 30 June
2011

1 **Accounting policies**

Accounting convention The accounts are prepared under the historical cost convention and in accordance with applicable accounting standards, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents the total fees receivable in the year and derives from the provision of services falling within the companys ordinary activities. Deferred Taxation Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or receive more, tax. Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.
