Key messages

Why we've sent you this report

I'm writing to update you on the progress of the Administration of the Company in the six months since 19 April 2016

How much creditors may receive

The following table summarises the possible outcome for creditors* based on what we currently know

Class of creditor	Current estimate (p in £)	Previous estimate (p in £)
Secured Creditors		
- Secured Lenders	100 p/£	100 p/£
- Pension Scheme**	100 p/£	100 p/£
Preferential Creditors	100 p/£	100 p/£
Unsecured Creditors	uncertain	uncertain

**Please note this guidance on dividends is only an indication and should not be used as the main basis of any bad debt provision or debt trading*

*** This is only in respect to the Pension Scheme's reducible amount (which the Pension Scheme calculated to be £3.2m) secured across the Group and not in respect of its fixed charges over two Group properties (one held by Plc and one held by CPS). After the period covered by this report, the Pension Scheme appointed Harris Lamb as Fixed Charge Receivers over the two properties on 21 October 2016*

The Secured Lenders and the Pension Scheme have security across the Group's assets. Prior to the Administration, the Group entered into an IDf with the Secured Lenders. The relevant debts were being collected by the Secured Lenders' agent, ARMS, (as opposed to the Administrators) and subsequently by the respective purchasers and then by the Administrators (detailed below). The net funds received have reduced the amount the Group owes the Secured Lenders.

Following a successful period of trading and various sales of the businesses and assets across the Group, the Secured Lenders and the Pension Scheme's reducible amount were repaid in full.

The level of Preferential Creditors has significantly reduced as a result of the going concern sale of the business and the payment of arrears of wages and salaries as part of the trading costs. Based on current estimates, we anticipate that Preferential Creditors will be paid in full.

We still anticipate that there will be a distribution to the Unsecured Creditors.

Whilst we expect there to be a dividend payable to Unsecured Creditors, we are unable to quantify the potential range of outcomes at present. This will depend on a number of key factors, including:

1. The level of Unsecured Creditor claims that are admitted to participate in the dividend,
2. The level of future realisations, both in the Company and across the Group, and
3. The extent to which the Secured Creditors suffer shortfalls at an individual entity level across the Group and need to be paid from a surplus in the Company under the terms of guarantees it provided.

What you need to do

This report is for your information and you don't need to do anything in relation to it. However if you wish to submit a claim in the Administration and haven't already done so, please complete and return the statement of claim form on our website at www.pwc.co.uk/caparo-cptl

Progress of the Administration

Background

You'll remember from our previous report that the Group was a diversified industrial group with headquarters in the Midlands and London. If you wish to review further information on the background of the Group, please see our previous report and proposals, available on our website.

Sale of the business and asset realisations

The remaining leasehold site mentioned in our previous report and held by CPTO has now been assigned to Simec.

Following the sale of certain of the Company's business and assets, the TSA relating to the sale was completed on 30 April 2016, which involved managing a number of IT issues including our data protection duties. 12 IT staff and one payroll staff were retained by the Group to help complete this with all transferring to the purchaser with effect from 1 May 2016.

Following the sales of businesses, the apportionment agreements were finalised with the purchasers on balances owed to the Administration for various costs incurred prior to sale completion.

Book debts

The Group's pre-Administration book debts were charged to the Secured Lenders via the IDF. In the period, the IDF was repaid in full. A number of reconciliations of the Group's numerous bank accounts and ledgers has been completed to correctly allocate book debt recoveries between pre-appointment sales, post-appointment sales and those relating to sales made by the purchasers of Group businesses.

We have also undertaken active management of the Group's post-Administration book debt collection resulting in the recovery of 96% of the total debtors of £25m.

Post repayment of the IDF facility the pre-appointment ledgers were re-assigned back to the Group on 21 July 2016. The surplus on the Company's ledger as at that date of £2.2m, which is net of any associated collection costs (excluding commission charges due to purchasers of the business, which we will discharge) and termination fees, was transferred to the Administrators' bank account.

Since the ledger has been re-assigned we have collected further book debts of £257k in the period.

Trading

Our trading outcome to 18 October 2016 is set out in the receipts and payments account in Appendix A. The total estimated trading costs include a number of provisions which are still to be finalised, including Head Office costs. Once the Head Office trading costs are finalised, they will be recharged to the Group companies on an appropriate basis. It was imperative that the Head Office function was maintained in order to operate the Group's systems, payroll and other central functions. This was critical to optimising the outcome for creditors of the Company and of the other companies in the Group for a variety of reasons, including

- It significantly enhanced book debt realisations, by providing continuity of trade and mitigating the risk of non-payment from customers,
- It secured going concern premia for other asset classes, particularly plant and machinery and property, and
- Through the payment of arrears of wages, as part of our trading costs, and the achievement of a going concern sale, we have significantly reduced preferential creditor claims.

Our net trading outcome should be considered in this context.

The key trading activities completed during the period were generally managed on a Group wide basis due to the way the Group operated. In the main, these involved liaising with multiple suppliers to agree the final trading positions in relation to motor vehicles, mobile phones, utilities, non-domestic rates and general trading suppliers.

Other trading matters we dealt with specifically in relation to the Company during the period included

- concluding matters with the five vehicle finance companies regarding final billing and recovering costs from purchasers, and
- seeking to agree final bills with utility suppliers, ensuring that meter readings and invoices reflect the dates that businesses were sold or closed.

To comply with our requirements as Data Controllers, we identified relevant Group occupational health records and secured a long-term solution for storage and access.

We now consider that we have extinguished the majority of our trading liabilities. If you believe you have any amounts outstanding in respect of signed purchases orders or commitments raised specifically during the Administration period however, please provide a copy of these outstanding invoices and an account statement for consideration using the contact details below.

Email address: caparosuppliers@uk.pwc.com
Subject field: Outstanding PO commitment

Retention of title

We have finalised previous ongoing discussions with suppliers claiming RoT with a total claim value of approximately £1m and we have reduced the potential liability to nil.

Further work

There remain a number of matters which we continue to work on. These include

- Trading: settling any remaining trading accounts with suppliers and utility providers,
- Tax and VAT compliance: Completing the relevant returns and deregistering; and
- Statutory and compliance: Dealing with other compliance matters such as progress reports and correspondence with creditors.

Further information in relation to the outstanding matters to be dealt with in the Administration is set out in Appendix C.

Statutory

We wrote our first progress report, for the period to 18 April 2016, and subsequently made it available to creditors.

In the period, we sought consent from secured, preferential and unsecured creditors to a 12 month extension to the period of the Administration to 18 October 2017, which was approved.

In line with our statutory duties, we have undertaken investigations on activities of the Group prior to our appointment. Due to the confidential nature of this work, further detail has not been discussed in this report.

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and SIP.

Our receipts and payments account

We set out in Appendix A an account of our receipts and payments from 19 April 2016 to 18 October 2016.

Our expenses

We set out in Appendix B a statement of the expenses we've incurred to the date covered by this report and an estimate of our future expenses

The statement excludes any potential tax liabilities that we may need to pay as an Administration expense in due course because amounts due will depend on the position at the end of the tax accounting period

Our fees

We set out in Appendix C an update on our remuneration which covers our fees and other related matters

Pre-Administration costs

As previously reported, costs incurred before our appointment with a view to the Company going into Administration were approved for payment by the secured, preferential and unsecured creditors. The costs attributable to the Company total £124k for our costs and £22k for legal costs and have been drawn in full

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 2.48A IR86. Any request must be in writing. Creditors can also challenge fees and expenses within eight weeks of receiving this report as set out in Rule 2.109 IR86. This information can also be found in the guide to fees at

You can also get a copy free of charge by telephoning our creditor helpline on 020 7213 3362

Next steps

We expect to send our next report to creditors in about six months

If you've got any questions, please get in touch by telephoning our creditor helpline on 020 7213 3362

Yours faithfully

For and on behalf of the Company

AS Barrell
Joint Administrator

David Matthew Hammond, Anthony Steven Barrell and Ross David Connock were appointed as Joint Administrators of Caparo Precision Tubes Limited on 19 October 2015 to manage its affairs, business and property as its agents and without personal liability. David Matthew Hammond, Anthony Steven Barrell and Ross David Connock are licensed in the United Kingdom to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales.

The joint administrators are bound by the Insolvency Code of Ethics which can be found at <https://www.gov.uk/government/publications/insolvency-practitioner-code-of-ethics>

The joint administrators are Data Controllers of personal data as defined by the Data Protection Act 1998. PricewaterhouseCoopers LLP will act as Data Processor on their instructions. Personal data will be kept secure and processed only for matters relating to the Administration.

Notes to receipts and payments account

1) The Company has made a net trading income to date. Our commitment to trading this estate, in addition to maximizing trading sales, has significantly enhanced book debt and other realisations which may not have been possible in a closure scenario by providing continuity of trade and mitigating the risk of non-payment from customers.

2) Funds held in interest bearing accounts

3) Other receipts largely relate to income received from the new purchaser of the business which is to cover a combination of licence fee income, payroll funding and reimbursement for rent paid in advance.

We have operated a mixture of Sterling and Euro accounts on this case to provide a natural hedge against exchange rate movements during our trading period. As such, some movements in the trading costs for this entity in the current period are as a result of the more notable exchange rate movements during the past six months.

Trading of the Group was primarily financed through a Group overdraft facility put in place immediately following our appointment.

In addition, some key Group-wide suppliers have been paid out of the overdraft facility of Plc, and as such, a recharging exercise is being undertaken to properly reflect costs incurred by the Company.

An exercise to apportion our fees between fixed and floating charges is yet to be finalised. The fees taken in the Company in isolation are subject to change.

Secured Creditor distributions have, to date, been paid from only a number of Group companies. Owing to the cross guarantees in favour of the Secured Lenders and Pension Scheme, an exercise to correctly allocate these distributions across all Group companies will be completed in due course.

The Company has made certain payment on behalf of some Group companies which are reflected in the receipts and payments account but not in the expenses statement. These costs will be reimbursed in due course.

Statement of Affairs

Freehold Land & Property assumptions within the Directors statement of affairs were based on an agent's valuation undertaken in June 2015. Due to the impact of insolvency, and potential environmental contamination and clean-up costs, actual realisations were lower.

In addition, the sale of these assets was part of a wider, Group-wide deal, and our conclusion was that the overall value for creditors was better than the uncertainty and increased risk of attempting to sell the assets piecemeal.

Appendix B: Expenses

What is an expense?

Expenses are defined in SIP9 as amounts properly payable by us as Administrators from the estate and includes our fees, but excludes distributions to creditors. These include disbursements, which are expenses met by and reimbursed to an office holder in connection with an insolvency appointment. They fall into two categories: Category 1 and Category 2.

Disbursement	SIP9 definition
Category 1	Payments to independent third parties where there is specific expenditure directly referable to the appointment in question
Category 2	Costs that are directly referable to the appointment in question but not a payment to an independent third party. They may include shared or allocated costs that may be incurred by the office holder or their firm, and that can be allocated to the appointment on a proper and reasonable basis

Our Firm's disbursement policy allows for all properly incurred expenses to be recharged to the case. We don't need approval from creditors to draw Category 1 disbursements as these have all been provided by third parties, but we do need approval to draw Category 2 disbursements as these are for services provided by our Firm. The policies for payment of Category 2 disbursements have been approved as follows:

Photocopying	At 12 pence per sheet copied, only charged for circulars to creditors and other bulk copying
Mileage	At a maximum of 71 pence per mile (engine size up to 2,000cc) or 93 pence per mile (engine size over 2,000cc)

Our expenses statement and estimate

The following table shows expenses incurred to date and an estimate of further expenses we consider will be (or are likely to be) incurred

The estimate excludes any future tax liabilities that may be payable as an expense of the Administration in due course because amounts due will depend on the position at the end of the tax accounting period

Note. If trade or other expenses incurred to date appear lower than previously reported, this reflects an agreed reduction to what we previously expected or thought had been incurred based upon what we knew at that time

Appendix C: Remuneration update

Our fees were approved on a time cost basis by the secured, preferential and unsecured creditors at the meeting by correspondence on 22 March 2016. To 18 October 2016, we have drawn fees in line with the approval given, as shown on the receipts and payments account at Appendix A.

The time cost charges incurred in the period from 1 April 2016 to 30 September 2016 are shown below and do not necessarily reflect how much we will eventually draw as fees for this period.

We set out later in this Appendix details of our work to date, anticipated future work, subcontracted work (if any) and payments to associates.

Our time charging policy and hourly rates

We and our team charge our time for the work we need to do in the Administration. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex, or important matters of exceptional responsibility, are handled by our senior staff or us.

All of our staff who work on the Administration (including our cashiers, support and secretarial staff) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. For the avoidance of doubt, work carried out by our cashiers, support and secretarial staff is charged on a time basis and isn't included in the hourly rates charged by partners or other staff members. Time is charged in six minute units. The minimum time chargeable is three minutes (i.e. 0.05 units). We don't charge general or overhead costs.

We set out below the charge-out rates per hour for the grades of our staff who already or who are likely to work on the Administration

Grade	Rate per hour Up to 30 June 2016 (£)	Rate per hour From 1 July 2016 (£)
Partner	590 – 825	600 – 840
Director	490 – 725	500 – 740
Senior manager	425 – 550	435 – 560
Manager	340 – 470	345 – 480
Senior associate	185 – 390	190 – 400
Associate	165 – 245	170 – 250
Support staff	87 – 123	89 – 125

Specialist departments within our firm, such as Tax, VAT, Property and Pensions are also used where their expert advice and services are required. Such specialist rates do vary but the figures below provide an indication of the maximum rate per hour

Grade	Specialist maximum rate per hour Up to 30 June 2016 (£)	Specialist maximum rate per hour From 1 July 2016 (£)
Partner	1,190	1,250
Director	1,115	1,175
Senior manager	1,110	1,170
Manager	665	700
Senior associate	490	515
Associate	240	255
Support staff	140	150

In common with all professional firms, our scale rates may rise from time to time over the period of the Administration (for example to cover annual inflationary cost increases). Any material amendments to these rates will be advised to creditors in our next statutory report

Our work in the period and work we propose to undertake

As noted earlier in this report, the Group (including the Company) had entered into an IDF facility with the Secured Lenders. The IDF debt collection was being managed by ARMS. Following the sale of certain Group businesses to a company ultimately owned by the Gupta family, the purchaser also assisted ARMS in the collection of the IDF debts. With the Secured Lenders repaid in full, the IDF accounts have been released back to the Group, and any fees payable in connection with the collection of the IDF debts are being discharged from funds received.
