NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE YEAR ENDED 30TH JUNE 2014

1. ACCOUNTING POLICIES

**Accounting convention**

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents net rents receivable.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings - 33% on cost

**Investment property**

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

In accordance with FRSSE (effective April 2008) paragraph 6.50, no depreciation or amortisation is provided in respect of investment property.

This treatment may be a departure from the requirements of the Companies Act 2006 concerning depreciation of fixed assets. However, the investment property is not held for consumption but for investment and the directors consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the accounts to give a true and fair view.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
