### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

These financial statements have been prepared under the going concern basis as the shareholder has agreed to provide sufficient financial support to enable the company to continue to trade and meet its liabilities as they fall due.

#### 1.2 Turnover

Turnover represents amounts receivable for services net of VAT and trade discounts.

#### 1.3 Pensions

The regular cost of providing retirement pensions and related benefits is charged to the profit and loss account over the employees' service lives on the basis of a constant percentage of earnings. Any difference between the charge to the profit and loss account and the contributions paid to the scheme is shown as an asset or liability in the balance sheet.
