NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31/12/2010

ACCOUNTING POLICIES

Basis of accounting

There have been no changes in accounting policies during the year. The accounts have been prepared under the historical cost convention and with the Financial Standard for Smaller Entities (FRSSE, effective April 2008).

The company has taken advantage of the exemptions in the Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company

Currency

1

The business of the company and its total transactions are conducted exclusively in the currency of European EURO. Therefore all relevant information available as at 31/12/2010 had to be translated into British £ applying the exchange rate circulated by the Bank of England regarding the accounting reference date. To the extent this report also includes accounts subject to reports filed with the Companies House of preceeding financial years this could lead to differences according to a change of exchange rates between the present and preceeding accounting reference dates. Where such differences occur they are explicitly shown in the report.

Turnover

2

Turnover comprises the value of sales excluding value added tax and trade discounts

Intangible and tangible fixed assets and depreciation

Vehicles	25,00 % reducing balance
Software	33,33 % reducing balance
Computers	33,33 % reducing balance
