4 Report and Outcome of Administration

4.1 With reference to my progress report of 3 April 2012 assets have been realised as follows

	Statement of	
	affairs	Realisations
	£'000	£'000
Plant, machinery and vehicles	354	175
Trade debtors	256	249
Cash at bank	88	88
Miscellaneous	0	4
	698	516
Cash at bank	88 0	88 4

- 4.2 There remains outstanding book debts and retentions of approximately £10,000 to be recovered by the liquidators, with the assistance of my surveyors
- 4.3 The administrators' initial proposals were approved at a meeting of creditors on 14 November 2011 as follows
 - The rescue of the Company could not be achieved because it was not possible to achieve a sale of the Company's business and assets as a going concern
 - The objective of the administration of the Company for a better result for its creditors as a whole than would be likely if the Company were wound up can be achieved as the realisable value of the Company's assets is expected to provide surplus funds for a distribution to unsecured creditors
 - The objective will be achieved by the administrators continuing to manage the business of the Company for so long as they believe it appropriate in attempting a more advantageous realisation of assets and to make any distributions in the

correct statutory priority and to complete their statutory duties

- It is proposed that the administration will end by the Company going into creditors voluntary liquidation, or if there are no mories available for unsecured creditors, by dissolution of the Company. If the Company is placed into creditors voluntary liquidation it is proposed that the administrators in office at that date will be appointed liquidators, any act in liquidation to be done by any one or more liquidators. However, creditors may nominate a different liquidator or liquidators if nomination to that effect is received before the approval of these proposals.
- 4.1 As previously reported to creditors, the Bank will recover its indebtedness in full, preferential creditors will be settled in full and there are now surplus funds available for unsecured creditors
- 42 In accordance with the proposals, the administration was moved from an administration to a creditors voluntary liquidation following the filing of Form 2 34B at Companies House on 17 August 2012 The administrators in office at that date, being Alistair Wardell and Nigel Morrison, were appointed joint liquidators

5 Administrators' Remuneration and Expenses

- Our fees for acting as joint administrators were fixed by reference to our time costs. The time costs for this administration for the period from 6 September 2011 to 17 August 2012 were £155,958 and our expenses were £604.19
- On 14 November 2011 creditors resolved that we draw our remuneration by reference to time costs. You will note from the SIP 9 table attached at Appendix 3 that time costs were £155,958 and from the receipts and payments account attached at Appendix 1 that we have drawn remuneration of £146,113. Time costs of £9,845 incurred in the period are a liability of the liquidation. In addition we have also drawn expenses in full of £604.19 as indicated in Appendix 2.
- Background information regarding the fees of administrators can be found at www insolvency-practitioners org uk (navigate via 'Regulation and Guidance' to 'Creditors Guides to Fees') Alternatively, I will supply this information by post on request. Time is charged in 6 minute units
