Notes to the Abbreviated Accounts for the period ended 31 December 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The Financial Statements have been prepared under the historic cost convention modified to include the revaluation of investments and in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Other accounting policies**Taxation**

Deferred taxation is considered in accordance with Financial Reporting Standard (“FRS”) 19 on timing differences that result in an obligation at the balance sheet date to pay more tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements.

The specific nature of the taxation of business of the Company means that it is unlikely any deferred tax will arise. The Directors have considered the requirements of FRS 19 and do not believe any provision should be made.

Tax status

In the Directors’ opinion, the Company is not a close company within the provisions of the Income and Corporation Taxes Act 1988.

2 Company limited by guarantee

Company is limited by guarantee and consequently does not have share capital.
