## **1 Accounting policies**

The abbreviated accounts have been prepared under the historical cost convention

The following principal accounting policies have been applied

### *Consolidated Financial Statements*

The company is exempt from the requirement to prepare consolidated financial statements as the group it heads qualifies as a small sized group. These financial statements therefore present information about the company as an individual undertaking and not about its group.

### *Turnover*

Turnover represents sales to external customers at invoiced amounts less value added tax or local taxes on sales, and management fees charged to subsidiary undertakings.

### *Depreciation*

Depreciation is provided to write off the cost, less estimated residual values, of all tangible fixed assets, except for investment properties and freehold land, evenly over their expected useful lives. It is calculated at the following rates:

Motor vehicles	- 25% straight line
Fixtures and fittings	- 25% straight line
Office equipment	- 25% straight line

### *Valuation of investments*

Investments held as fixed assets are stated at cost less any provision for impairment.

### *Stocks*

Work in progress is stated at the lower of cost and net realisable value. Cost is based on the cost of purchase. Net realisable value is based on estimated selling price less additional costs to completion and disposal.
