## NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2013

---

### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### 1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated)

#### 1.3 Turnover

Turnover represents rent receivable

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost

#### 1.5 Revenue recognition

Rental income is calculated on a straight line accruals basis

Profits and losses on disposal of investment properties are calculated by reference to book value and recognised when the risks and rewards of ownership are considered to have passed to the purchaser

#### 1.6 Accounting policy for completed investment properties

Completed investment properties are included in the balance sheet at their open market value. The valuations are carried out annually by the directors in accordance with the Financial Reporting Standard for smaller entities (effective April 2008) (FRSSE) and the Appraisal and Valuation Manual of the Royal Institution of Chartered Surveyors. Surpluses or deficits arising on the revaluation are dealt with through the revaluation reserve (except that in the event of a permanent diminution in value of an investment property below its cost the deficit is written off in the profit and loss account). Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all the tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.
