NOTES TO THE ABBREVIATED ACCOUNTS

1. ACCOUNTING POLICIES

(a) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention and include the results of the company's operations, which are described in the Directors Report and all of which are continuing.

(b) TURNOVER

Turnover comprises the invoiced value of goods and services supplied by the company, excluding VAT and trade discounts.

(c) TANGIBLE FIXED ASSETS AND DEPRECIATION

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided on all tangible fixed assets at rates calculated to write-off the costs less estimated residual value of each asset evenly over their expected useful lives as follows:

Office Equipment	20% straight line
Fixtures and fittings	20% straight line

(d) DEFERRED TAXATION

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
