ChallengeAid

REPORT OF THE DIRECTORS

The directors have pleasure in presenting their report and the accounts of the company for the year ended 31 March 2020.

Principal activities

ChallengeAid promotes health and fitness throughout the UK by motivating schools, universities, corporate groups and individuals to undertake physical challenges and raise money through sponsored activity and exercise. Most of our challenges are organised in-house so our costs are far less than those organised by for-profit companies for other charities.

Our pledge is that none of the money raised from any of these challenges or sponsored exercise is used for administrative purposes.

The aim of our charitable giving is to create "Schools of Hope" for aspirational young slum dwellers who may not be able to attend school during the day due to family or work commitments. These centres offer a complementary and alternative form of schooling, as well as a unique long term sustainable solution to the provision of education.

We believe that we are one of the very few charities that is able to respond to some of Africa's ongoing issues without creating a culture of dependency or bringing knee-jerk reactions to the latest crises.

Through our work we enable some of the poorest people in Africa to escape a lifetime of poverty.

The charity was established in 2005 to help disadvantaged children who live in appalling conditions in the developing world. This is being achieved by raising the awareness of schoolchildren in the UK about the severe poverty children in other parts of the world experience. This occurs largely through visits to promote exercise and awareness about the work of ChallengeAid or sending presentations to schools.

Administrative costs are specially covered by trustees' and private patrons' donations.

ChallengeAid is a company limited by guarantee.

Financial overview:

The company received funds totalling £114,597 (2019: £146,133) during the year and incurred direct charitable expenditure totalling £77,876 (2019: £84,129). Details of awards made are given in note 4 to the accounts. The balance of funds carried forward at 31 March 2020 is £472 (2019: £25,466).

Review

St Prisca

Enabling 60 AIDS/orphans and children made vulnerable by AIDS in Korogocho, Nairobi to receive education, food and health care, though the level of impact for this project is being slowly phased out as it detracts from our main focus of the SoH programme.

Schools of Hope

Our major focus continues to be the development of Schools of Hope (SoH) which are designed to help provide children, who go to school or more importantly, who need to either work or look after their younger siblings during the day, with the opportunity of an education in the evening to help to take them out of poverty. Most do not have lighting or space in their homes, so they can attend each evening during the week and during weekends and school holidays. ChallengeAid's support covers the provision of text books, desks and chairs, secure storage space and electric lighting. There is also a study programme of life skills support such as substance abuse education and HIV/Aids awareness programmes. Unusually for Kenya and the cultural norms of East Africa, we have more girls than boys attending our SoH's. This has largely been brought about through our sponsored Sanitary Pad programme which provides all adolescent girls who attend the SoH's regularly, with free sanitary pads. Since ChallengeAid began in 2005 over 10,000 pupils have benefitted from the SoH programme and we are currently catering for over 3,000 children each night, at weekends and during school holidays. We currently operate in Nairobi, Mombassa, Nyeri, the Aberdares, Bisil, Kajiado and Arusha in Tanzania.

We have in place quite an extensive extra-curricular programme. The pupils will spend time creating music and drama and at weekends there are sports teams and coaching opportunities. Our extra curricular programme now also includes regular Chess and debating competitions as well as providing coaching in Rugby, Football, Cricket & Volleyball. Over 40 Supervisors have received national Coaching Awards in Cricket, Rugby, Volleyball & Football. Last year our sporting festivals that took place in which over 300 students participated. Two years ago one girl was identified, and catapulted into playing Cricket in the Kenyan National U14 Squad. Last year we held several Arts festival for many pupils which took place in Arusha, Mathare & Kibera which included music, drama, dancing and recitation. A number of pupils from Kosovo SoH in Mathare got through to the final of a Chess Tournament for young people living in informal slum areas. Last year the two players were beaten but by another two players from our own SoH. Our numbers of Chess players continues to grow.

Adult literacy Programme

This project is in Kajiado County - serving indigenous Masai households in four locations. We have currently enrolled 245 learners in 4 centres set up by the project, about 85% of the participants are women. Recently over 100 learners undertook a government exam in literacy. All passed.

The Project also promotes livelihood enhancement among women. Four savings and loans groups have been formed and trained to managing a simple documentation system. Over 100 women are participating. The ladies are making craft and will be selling these outside their villages with support from the project.

350 women/mothers have received training in hygiene, nutrition and childcare - the training is carried out by the Ministry of Public Health and targets women who attend adult literacy classes.

This is a one-year pilot project being implemented by ChallengeAid Africa with financial support from ERKO an NGO from Slovakia, which has now been extended.

Challenges & Events

Going forward ChallengeAid aims to increase the number of challenges organised by schools and colleges in the UK for their fundraising activity events and also to increase the number of adults raising money through a wider variety of challenges. This year we had the inaugural Welsh Three Peaks Team Challenge and next year we have a group walking 100 miles along the Great Wall of China.

ChallengeAid Africa

Two years ago we set up as a company and foundation in its own right which means that we no longer need to rely on partners in Kenya running the SoH's for us. This has had a huge effect on increasing our efficiency with our own dedicated co-ordinator operating out of Nairobi. This has had positive implications on ChallengeAid's sustainability in the future as we can now co-ordinate with all of the previous partners and keep an eye on their efficiency. Another exciting development is a new relationship with the Federation of Slum Dwellers which will enable us to identify suitable buildings in slum areas for any future SoH's and also will be able to help us identify Community Leadership groups from which and on which our SoH Committee can be formed in that area.
