All operations at the Home are now being managed by Careport whilst the Administrators seek a disposal of the Care Home.

During the period the Company's trading performance has continued to improve with occupancy at the Care Home having increased to 41 residents (at the date of this report), with further residents expected to be placed by the Local Authority in the near future. The Company continues to generate a net trading surplus before rental payments/provisions.

The Administrators' trading account for the period 17 October 2013 to 16 April 2014 is attached at Appendix 2

# Marketing & Disposal of Business and Leasehold Property

As reported previously, on 19 October 2013 an offer from a party known previously to the Administrators was approved by the Bank subject to satisfactory proof of funding. During the Period the Administrators have been in extensive negotiations with the prospective purchaser whilst dealing with all due diligence requests. Proof of funding has been received from the prospective purchaser and, at the time of writing this report it is anticipated that exchange of contracts will take place during May 2014 with completion shortly thereafter.

The disposal has been protracted due to issues surrounding the prospective purchaser's finance and a restructure of their own asset portfolio Due to the sensitivities regarding the offer, further information cannot be disclosed at present

The Care Home has remained on the open market during the Period and Edward Symmons ("ES") have continued to receive enquiries from interested parties but at present, no further offers for the Care Home have materialised

# Tax Investigations

During the Period, it was brought to the Administrators' attention that the Company's former accountant had been imprisoned for tax fraud. This has resulted in HM Revenue and Customs ("HMRC") undertaking investigations into the Company's pre-administration tax affairs which has, through balances brought forward, impacted on the calculation of post-administration tax liabilities. These investigations have focused predominantly around corporation tax and NI contributions.

With assistance from tax specialists, 8DO LLP, the Administrators have been required to respond extensively to HMRC's enquiries. These investigations remain ongoing with the prospect of certain further tax liabilities falling due yet to be established.

# **Bentley Motor Vehicle**

It has previously been reported that legal title of a Bentley Continental motor vehicle ("the Bentley") passed to the Company on 30 March 2012 from Barclays Mercantile Finance The Bentley had been listed as a Company asset prior to administration and had been in the possession of, the Company Secretary

During the Period it has been brought to the attention of the Administrators that the ownership of the Bentley has been transferred to a third party during the Period. The Administrators are investigating the transfer and the prospect of recoveries into the estate.

Due to the sensitivities of this matter, further details cannot be included at this time

# ESTIMATED OUTCOME FOR CREDITORS

#### Secured creditor

The Bank has a fixed and floating charge over the Company's assets pursuant to a debenture dated 29 March 2005. As at the date of the Administrators' appointment, the Company's direct indebtedness to the Bank was £74,273 in respect of overdraft facilities. In addition, the Company has provided an unlimited guarantee to Holmcroft Properties Limited (which owns the freehold of the Care Home) in respect of its secured indebtedness.

The Administrators understand that the extent of the guaranteed indebtedness is currently in the region of £4 3million

Any distribution to the secured creditor is contingent upon the sale of the property and the business

### Preferential creditors

Following administration, all employees were retained. It is understood that the Company does not operate a pension scheme, and the administrators are not therefore aware that there are any preferential creditors of the Company.

# Unsecured creditors

Unsecured creditors' claims to date amount to £364,094 These claims have not been formally agreed or adjudicated upon

Based upon realisations to date and estimated future realisations there may be sufficient funds available to enable a dividend to be paid to the unsecured creditors. Therefore, if creditors have not already done so, they are invited to submit claims, which will be assessed by a subsequently appointed liquidator or supervisor of a Company Voluntary Arrangement ("CVA"), as applicable

# Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the Administrators must make a *prescribed part* of the Company's *net property* available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. *Net property* means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The floating charge holder may not participate in the distribution of the prescribed part of the Company's net property. The *prescribed part of the Company's net property* is calculated by reference to a sliding scale as follows.

- □ 50% of the first £10,000 of net property;
- 20% of net property thereafter,
- Up to a maximum amount to be made available of £600,000

An administrator will not be required to set aside the prescribed part of net property if

- the net property is less than £10,000 and the administrator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit, (Section 176A(3)) or
- the administrator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5))

Pursuant to Rule 2 33(3), the Administrators consider it in the best interests of the creditors not to disclose estimates of the prescribed part of the Company's net property at this time on the grounds that the disclosure could seriously prejudice the commercial interests of the Company

The Administrators proposed that the Company exit administration via a Company Voluntary Arrangement ("CVA") and one of the terms of the CVA pursuant to Section 176A(4) of the Act is that the administrators shall not be obliged to set aside a prescribed part of the Company's net property

Once the objectives of the administration have been met, if exit by CVA is no longer appropriate, the Administrators will seek to move the Company into Creditors' Voluntary Liquidation, per the proposals

On present information the Administrators do not intend to make an application to court under Section 176A(5) of the Act for an order not to distribute the prescribed part of net property to the unsecured creditors. However, the Administrators reserve their position generally in this regard should circumstances materially change.

# 6. THE ADMINISTRATORS' REMUNERATION AND DISBURSEMENTS

#### **Pre-Administration Costs**

In the period before the Company entered administration, the Administrators discussed with the Bank the potential administration and arranged, with the assistance of solicitors, all necessary filing to place the Company into administration ("the Work")

The purpose of the Work was to determine the most appropriate course of action and to place the Company into administration. For this reason, the Administrators consider that the Work has furthered the achievement of the objective of administration being pursued, namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration)

The pre-administration costs totalled £4,368 plus VAT Pursuant to Rule 2 67A of the Insolvency Rules 1986, approval to pay these costs as an expense of the administration was granted by the creditors These costs have now been settled

# Post-Administration Costs

Our remuneration has been fixed by reference to the time properly given by us (as joint administrators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the administration and we are authorised to draw disbursements, including disbursements for services provided by our firm (defined as category 2 disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, details of which accompanied the Statement of Proposals for achieving the purpose of administration and which are attached at Appendix 2 of this report

Our time costs for the period from 7 June 2011 to 16 April 2014 amount to £501,947 50 which represents 2,473 30 hours at an average rate of £202 95 per hour. These costs have been reported at the Bank's standard rate of £215 per hour for all grades of staff. (The prevailing Barclays Bank Plc panel rate of £205 per hour increased to £215 per hour with effect from 1 September 2011)

The following further information in relation to our time costs and disbursements is set out at Appendix

- Narrative summary of time costs incurred
- Table of time spent and charge-out value for the period 7 June 2011 to 16 April 2014
- Begbies Traynor (Central) LLP's policy for re-charging disbursements
- Begbies Traynor (Central) LLP's charge-out rates

To date, the administrators have raised invoices totalling £462,634, of which £65,282, relating to trading costs, remains unpaid. The invoice total of £462,634 consists of £408,464 for fees drawn relating to the trading of the Company and £54,170 in relation to the general running of the administration.

## SUMMARY OF OFFICE HOLDERS' TIME COSTS

CASE NAME

HOLMWOOD NURSING HOME LIMITED

CASE TYPE

**ADMINISTRATION** 

OFFICE HOLDERS

KIRSTIE JANE PROVAN AND GARY PAUL SHANKLAND

DATE OF APPOINTMENT

7 JUNE 2011 AND 24 APRIL RESPECTIVELY

### 1 CASE OVERVIEW

1 1 This overview and the time costs analysis attached is intended to provide sufficient information to enable the body responsible for the approval of the office holders' fees to consider the level of those fees in the context of the case

# 12 Complexity of the case

The Joint Administrators continue to trade the Home as a going concern. The Joint Administrators, with the assistance of their agents, liaised with suppliers and other stakeholders to ensure disruption to operations was minimised.

The ongoing trading has been complicated due to the Joint Administrators having to adhere to the stringent compliance requirements of the Care Quality Commission for maintaining care of the Home's residents

Shortly following appointment, it became apparent that the Home was caring for residents which it was not registered to do so. These residents were predominantly dementia patients which required specialist care, which the Home could not provide. Consequently, a careful exercise was undertaken by the Joint Administrators to relocate these patients to safeguard the welfare of all residents, which ultimately complicated the case further.

The case has been further complicated as the Joint Administrators have had to deal with significant correspondence from the representatives of the directors of the Company and Holmcroft Properties Limited in respect of queries raised surrounding loans granted by Barclays Bank Plc

In addition, HM Revenue and Customs have been undertaking investigations into the Company's pre-administration tax affairs. The Administrators have been required to respond extensively to HMRC's enquiries which remain ongoing

# 13 The office holders' effectiveness

The Joint Administrators' consider that realisations will be enhanced by trading the care home in administration. No premium would be obtainable if the Care Home were to cease trading

# 14 Nature and value of property dealt with by the office holders

The main asset of the Company is the business at the Home. The Care Home trades in administration under the supervision of specialist agents, Careport

### 1.5 Anticipated return to creditors

#### Secured creditor

The outcome for the Bank is dependent upon the sale of the property

#### Preferential creditors

The Joint Administrators are not aware that of any preferential creditors

### **Unsecured creditors**

Based on current estimates, it is anticipated that following a sale of the business a distribution could be made to the unsecured creditors. This would be distributed either as a prescribed part of the Company's net property pursuant to Section 176A or by a Supervisor of a Company Voluntary Arrangement.

## **BEGBIES TRAYNOR CHARGING POLICY**

# INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance<sup>1</sup> requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm Best practice guidance<sup>2</sup> requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated

# OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

# EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case usually referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation
  - (A) The following items of expenditure are charged to the case (subject to approval)
    - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £150 per meeting,
    - Car mileage is charged at the rate of 50 pence per mile,
    - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates

lbid 1

Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
