LIQUIDATOR'S PROGRESS REPORT TO CREDITORS AND MEMBERS

Our Ref: MDH//GJB/MGM/C11U/CVLIR161500

1 March 2023

Dear Sir

CMT Flowers Limited – In Creditors' Voluntary Liquidation For the year ending 1 January 2023

I am pleased to provide my Annual Progress Report in the above matter. Please note that I was appointed as Liquidator of the Company on 2 January 2020 and now report following the end of the third year of my appointment.

I attach at **Appendix A** statutory information that I am obliged to provide.

Executive Summary

The Company was set up to operate as a wholesaler of flowers and plants, supplying a host of florists and market traders and offering a delivery and sales service as well. However, in 2018, the Birmingham Wholesale Market was moved to a new location outside the city centre. The move required substantial capital investment and proved unprofitable for the Company and, in conjunction with the weakness in GBP over Brexit, the Company was forced to cease trading and enter into Liquidation.

My duties and functions as Liquidator are the realisation of the Company's assets, the agreement of the claims of Creditors, investigation of the Director's conduct and the Company's affairs generally and the eventual distribution of the Liquidation funds between the Creditors in accordance with their legal entitlements if funds allow.

Based on realisations achieved to date, there are funds available to make a distribution to Preferential Creditors, however, any prospect of a distribution to Unsecured Creditors will be subject to the level of the final Preferential claims and potential further costs of Liquidation.

Liquidator's Actions Since Last Report

I have carried out a final review of the outstanding debtor accounts and the books and records available in support of the accounts.

continued

I have liaised with the Redundancy Payments Office and requested a copy of their final Preferential claim in order to make a first and final distribution to Preferential Creditors.

I have completed all necessary statutory returns for the Company since my last report.

I have also continued to satisfy my statutory and regulatory obligations during the Liquidation, to include the reconciliation of funds held, the completion of periodic reviews and circulation of my annual progress report.

There is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the Creditors. A description of the routine work undertaken since my last progress report is contained in **Appendix B**.

Receipts and Payments

My Receipts and Payments Account for the period from 2 January 2022 to 1 January 2023 is attached at **Appendix C**. The account also represents the cumulative position for the entire period of the Liquidation from 2 January 2020 to 1 January 2023.

I have reconciled the account against the financial records that I am required to maintain.

The balance of funds are held in a non-interest bearing estate bank account.

Assets Subject to a Fixed Charge or Floating Charge

The Company granted a Fixed and Floating Charge in favour of HSBC Bank Plc ("HSBC") dated 10 March 2005 and registered at Companies House on 17 March 2005, which comprised a Fixed Charge on goodwill, etc. and a Floating Charge over the remaining assets.

However, HSBC is not owed any monies and in fact, there was a cash balance held by the Bank at the time of my appointment.

Unencumbered Assets

Please note that full details regarding asset realisations in this matter have been circulated within my previous report to Creditors. Details of asset realisations for this current period are provided below.

Book Debts

The Company records indicated that there were approximately 65 debtors with outstanding accounts amounting to approximately £66,785. I uplifted the Company's records and would advise that many addresses were missing, together with a number of sales invoices and proof of delivery documents. I met with the Director on a number of occasions and established contact details for the customers where balances were recorded to be outstanding.

I had previously written to all known debtors in order to advise of the Liquidation and attempt recovery of the amounts owed. I have currently received book debt payments to date, amounting to £28,285, however, no further recoveries have been received during the current reporting period.

I held a final meeting with the Director when lockdown restrictions ended in order to determine if any further recoveries could be made, however, following a further internal review of the debtor position, in view of the records available it became apparent that further recoveries are unlikely.

Unsold / Unrealised Assets

I can confirm that there are no assets which remain unrealised at this time.

Costs of Liquidation

Professional Fees

Professional Advisors have been engaged to provide assistance during the course of the Liquidation.

A summary setting out further details including the scope of their engagement, fees paid and future costs anticipated is attached at **Appendix D**.

The choice of professionals used is based on their experience and ability to perform this type of work, the complexity and nature of the assignment and the basis of my fee arrangement with them. The fees charged have been reviewed and I am satisfied that they have been reasonable in the circumstances of the case.

Pre-Appointment Remuneration

The Creditors previously authorised the payment of a fee of £5,500 for my assistance with preparing the Statement of Affairs and arranging the deemed consent procedure for Creditors to appoint a Liquidator.

The fee for preparing the Statement of Affairs and arranging the deemed consent procedure for Creditors to appoint a liquidator was paid from first realisations on appointment and is shown in the enclosed receipts and payments account.

Liquidator's Expenses

Expenses are any payments from the estate which are neither an Office Holder's remuneration nor a distribution to a Creditor or a member. Expenses also includes disbursements. Disbursements are payments which are first met by the Office Holder and then reimbursed to the office holder from the estate. Expenses are split into:

- Category 1 expenses, which are payments to persons providing the service to which the expense relates who are not an associate of the Office Holder; and
- Category 2 expenses, which are payments to associates or which have an element of shared costs. Before being paid category 2 expenses require approval in the same manner as an Office Holder's remuneration.

I have incurred total expenses of £982, of which I incurred £44 in the period since 1 January 2022. I have drawn £978 to 1 January 2023, of which £44 was drawn in the period since 1 January 2022.

I have attached at **Appendix E**, further details of the expenses incurred and to be incurred in this matter.

I am required to seek approval before I can pay any expenses to associates, or pay expenses where there is an element of shared costs, which are known as category 2 expenses. I have obtained approval to pay category 2 expenses.

Details of the category 2 expenses that I have paid to date and in the reporting period are included in the Receipts and Payments Account attached, as well as **Appendix E**.

As you can see above, the total expenses I incurred were in line with the total expenses I estimated I would incur when my remuneration was approved.

Liquidator's Remuneration

My remuneration was approved on a time cost basis, based on a fees estimate of £17,921. The fees estimate acts as a cap and I cannot draw remuneration in excess of that estimate without first seeking approval from the Creditors. My total time costs to 1 January 2023 amount to £16,124, representing 91 hours of work at a blended charge out rate of £178 per hour, of which £2.630, representing 11 hours of work, charged in the period since 1 January 2022, at a blended charge out rate of £232. The actual overall blended charge out rate incurred compares with the estimated blended charge out rate of £167 in my fees estimate.

There is a difference in the blended rate charged, compared with the estimated blended rate due to incremental rises in the charge out rates during the course of the Liquidation.

I have drawn £15,898 to 1 December 2022 of which £2,475 was drawn in the period since 1 December 2022.

A detailed schedule of my time costs incurred to date and since 1 September 2022 compared with my original fees estimate is attached as **Appendix F**.

As at 1 January 2023, as you can see from the information provided in this report, the total time costs I have incurred in this matter, in respect of the categories of work for which I am being remunerated on a time cost basis, have not exceeded the total estimated remuneration I set out in my fees estimate when my remuneration was authorised by the Creditors.

However, in view of the time incurred to date and further time required in order to deal with compliance issues together with a potential dividend to the Preferential Creditors, my time costs are now likely to exceed my initial estimated remuneration. In view of this, I may consider seeking an increase in my remuneration subject to the agreement of Creditors.

Further information about Creditors' rights can be obtained by visiting the Creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at http://www.Creditorinsolvencyguide.co.uk/. Details about how an Office Holder's fees may be approved for each case type are available in a series of Guidance Notes issued with Statement of Insolvency Practice 9, and they can be accessed at www.poppletonandappleby.co.uk/Creditors-area/.

There are different versions of these Guidance Notes, and in this case please refer to the most recent version.

Please note that we have also provided further information about an Office Holder's remuneration and expenses in our practice fee recovery sheet, which can be accessed at poppletonandappleby.co.uk.

Outcome for Creditors

Fixed Charge Holder – HSBC Bank plc ("HSBC")

The Company granted to HSBC a Fixed and Floating Charge dated 10 March 2005 and registered at Companies House on 17 March 2005, comprising Fixed Charges on goodwill, etc. and a Floating Charge over the remaining assets.

At the date of Liquidation, it was understood that HSBC had no outstanding monies due to them and no claims were anticipated.

I can confirm that no claims have been received or are anticipated.

Preferential Creditors

The Company's employees were made redundant due to the Liquidation procedure. As a result, it was understood that employees may have claims for arrears of pay as well as accrued holiday pay, although there was no known liability at the date of Liquidation and this was therefore not reflected in the Statement of Affairs.

In the subsequent period, I have been notified that employees have submitted claims to the Redundancy Payments Office ("RPO") in respect of arrears of wages and holiday pay.

I have requested the RPO's final Preferential claim in this matter in order to pay a first and final dividend to Preferential Creditors, however, the quantum and timing of this distribution is uncertain

Floating Charge Creditor - HSBC Bank Plc

As detailed above, the Company granted a Debenture in favour of HSBC dated 10 March 2005 and registered at Companies House on 17 March 2005, comprising a Floating Charge over the assets of the Company.

At the date of my appointment, HSBC has no outstanding monies.

Outcome for Floating Charge Creditor(s) and The Prescribed Part

Provisions within the insolvency legislation require a Liquidator to set aside a percentage of any amounts available to a Floating Charge holder, for the benefit of the Unsecured Creditors, in cases where the Company granted the Floating Charge on or after 15 September 2003. This is known as the "Prescribed Part" of the net property.

A Company's "net property" is that left after paying the Preferential Creditors, but before paying the lender who holds a Floating Charge (after deducting the associated Liquidation costs). Details of how much a Liquidator must set aside under the Prescribed Part have previously been circulated.

The Security granted by the Company, as set out above, was created after the Enterprise Act 2002 and, accordingly, the Prescribed Part rules would apply in relation to any Floating Charge realisations.

However, it is not anticipated that there will be a Floating Charge claim in this matter and, therefore, the Prescribed Part provisions will not apply in this instance.

Unsecured Creditors

The position as regards Unsecured Creditors can be summarised as follows:

Creditor	Estimated Statement of Affairs Value of Unsecured Claims (£)	Number of Claims Received to Date	Value of Unsecured Creditor Claims To Date (£)
Trade Creditors	195,660	5	82,700
Crown Departments	110,928	None	Nil
Associated Parties / Loan Accounts	2,875	None	Nil
Employees	68,840	4	70,817
Totals	378,303	9	153,517

Based on current realisations, the prospect of a distribution to the Unsecured Creditors will be subject to the final level of the Redundancy Payments Office's ("RPO") Preferential claim in the Liquidation.

Summary

The Liquidation will remain open until the Preferential Creditor claims have been agreed and a dividend paid and declared. In addition, subject to the final level of the Preferential claims there may be a further nominal dividend to the Unsecured Creditors. I estimate that this will take approximately six months and once resolved the Liquidation will be finalised and our files will be closed.

I have attached at Appendix G, a Statement of Creditors rights in relation to these proceedings.

If Creditors have any queries regarding the conduct of the Liquidation, or if they want hard copies of any of the documents made available online, they should contact Mark Monaghan on 0121 200 2962, or by email at info@poppletonandappleby.co.uk.

Yours faithfully

 Please note that no funds have been held with the Insolvency Services Account at any time during the Liquidation, therefore, it has been neither possible nor necessary to reconcile this account with the Secretary of State.
