(b) Intangible assets

Intangible assets acquired separately from a business are capitalised at cost. Intangible assets acquired on business combinations are capitalised separately from goodwill if the fair value can be measured reliably on initial recognition.

Research expenditure is written off against profits in the year in which it is incurred. Identifiable development expenditure is capitalised to the extent that the technical, commercial and financial feasibility can be demonstrated.

Intangible assets are amortised on a straight line basis over their useful lives.

(c) Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a systematic basis over its expected useful life as follows:

Plant and machinery:	0,00%
Motor vehicles:	0,00%
Furniture, fittings and equipment:	0,00%
