#### **Notes to the Financial Statements**

## year ended 30th June 2017

## 1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 93-95 High Street, Rickmansworth, Hertfordshire, WD3 1EF.

#### 2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

#### 3. Accounting policies

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Transition to FRS 102**

The entity transitioned from previous UK GAAP to FRS 102 as at 1st July 2015. Details of how FRS 102 has affected the reported financial position and financial performance is given in note 8.

### Revenue recognition

Turnover represents the value receivable by the company for goods and services provided, net of value

Turnover is recognised when the goods are physically delivered to the customers and when services are provided.

## Income tax

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the financial statements and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse

### **Tangible assets**

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

### Notes to the Financial Statements (continued)

### year ended 30th June 2017

## 3. Accounting policies (continued)

#### Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant and machinery

25% straight line

Fixtures and fittings

25% straight line

Equipment

- 25% straight line

## Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

#### **Stocks**

Stock is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Where consignment stock is in substance an asset of the company, it is recognised as such on the balance sheet.

### **Financial instruments**

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

## 4. Employee numbers

The average number of persons employed by the company during the year amounted to 1 (2016: Nil).
