MFS Portfolio Limited

Strategic Report For the year ended 31 December 2020

Overview

The Directors present the Strategic Report, Directors' Report and the financial statements of MFS Portfolio Limited (the "Company") for the year ended 31 December 2020.

The Company's principal activity for the year ended 31 December 2020 was investment in defaulted consumer loans in the United Kingdom and is a member of the Encore Capital Group, Inc. ("Encore"), "the Group".

Business review and results

The profit before tax for the year amounts to £682,000 (2019 – £206,000). At 31 December 2020, the Company had £nil (2019 - £13,868,000) carrying value of purchased loan portfolios. On 24 August 2020, the Directors signed an agreement to transfer the beneficial interest of the loan portfolios (£13,868,000) from MFS Portfolio Limited to Cabot Financial (UK) Limited, a fellow subsidiary, effective 1 January 2020. The transfer was made through intercompany trading balances, therefore no cash consideration was exchanged. Legal title still remains within MFS Portfolio Limited.

As the performance of MFS Portfolio Limited is linked to the performance of Encore Capital Group, Inc., Key Performance Indicators relating to the Company's trading which are appropriate for an understanding of the development, performance or position of the business can be found in the financial statements of Encore Capital Group, Inc.

Principal risks and uncertainties

In common with all other businesses, the Company is exposed to a range of enterprise wide risks. This section describes the principle risks arising from the Company's business model, and the processes for managing those risks. Further quantitative information in respect of these risks is presented throughout these financial statements.

The Company is exposed through its operations to the following principle risks:

Risk	Definition	Impact	Mitigation
Economic risk	Changes in the economic environment in the markets in which the Company operates may negatively impact its performance.	May cause reduced recoveries which results in financial loss.	The Group assesses consumer repayment affordability through income and expenditure assessments, leading to sustainable repayment plans. We regularly monitor key economic performance indicators as well as having a diversified consumer portfolios account types.

MFS Portfolio Limited

Strategic Report (continued) For the year ended 31 December 2020

Principal Risks and Uncertainties (continued)

Risk	Definition	Impact	Mitigation
Regulatory Risk	Failure of the Group to comply with applicable legislation or regulation of the debt purchase and collections sector and the broader consumer credit industry.	May result in the suspension, termination or impairment of the Company's ability to conduct business and substantial losses.	<p>The Group has a well established three lines of defence model and a robust risk management approach, with strong operational compliance systems and controls, and training in place which support our customer centric culture.</p> <p>Within the second line, the risk and compliance team provide expertise and oversight.</p> <p>The third line, the internal audit team, provide independent and objective regulatory and compliance oversight.</p>
Data Retention Risk	The ability the Group to obtain, share and retain customer data is critical to the Company and is heavily regulated by privacy, data protection and related laws in the jurisdictions in which the Company operates.	<p>May result in enforcement notices and monetary penalties imposed.</p> <p>Any lack of compliance may impair the Group's ability to continue to use its consumer data, which may have an adverse effect on the Company's financial condition, industry reputation, financial returns and impact operations.</p>	<p>The Company maintains compliance with the required standards across sites to align with the Data Protection Act 2018 (including the UK GDPR Part 2 of the DPA 2018).</p>

MFS Portfolio Limited

Strategic Report (continued) For the year ended 31 December 2020

Principal Risks and Uncertainties (continued)

Risk	Definition	Impact	Mitigation
Information Security Risk	Risk of security and privacy breaches of the systems and processes used to protect customer data.	May lead to material financial losses as a result of litigation, regulatory sanctions, remediation costs, or loss of new business.	Stringent information security principles, including regular penetration testing and staff awareness programmes, are embedded in the Group's processes and meet the ISO27001 standard.
Political Risk	Risk of changes to regulatory or political environment or an increasing volume of legislation.	May lead to higher operating costs, future collections failing to meet forecasts or impede new business if clients are less able to or incentivised to sell debt.	The Group maintaining a customer focussed approach to the business strategy, which minimizes such risk.
Vendor / Operational Risk	Risk of restrictions placed on the Group by vendors.	May limit operational flexibility, which may have an adverse effect on the Company's financial condition, financial returns or results of operations.	The Group has long standing relationships with key vendors. Appropriate pricing and due diligence processes undertaken for all portfolio purchases to ensure any such restrictions are fully considered before any commitment to purchase is entered into.
Third party Risk	Risk of loss of relationship, under performance or non-compliant practices by third party service providers.	May limit operational flexibility, or create reputational risk to the Group, which may have an adverse effect on the Company's financial condition, financial returns or results of operations.	The Group has implemented three lines of defence model and a robust risk management approach, with strong operational compliance controls and training in the first line. Within the second line, the compliance and legal team provide expertise and oversight. The third line, the internal audit team, provide independent and objective regulatory and compliance oversight.

MFS Portfolio Limited

Strategic Report (continued) For the year ended 31 December 2020

Going concern and liquidity risk

At 31 December 2020, the Company had £nil (2019 - £13,868,000) carrying value of purchased loan portfolios. On 24 August 2020, the Directors an agreement to transfer the beneficial interest of the loan portfolios (£13,868,000) from MFS Portfolio Limited to Cabot Financial (UK) Limited, a fellow subsidiary, effective 1 January 2020. Legal title still remains within MFS Portfolio Limited. The transfer was made through intercompany trading balances, therefore no cash consideration was exchanged.

MFS Portfolio Limited

Directors' report For the year ended 31 December 2020

The Directors present their report for the year ended 31 December 2020.

Results and dividends

The audited financial statements and related notes for the year ended 31 December 2020 are set out on pages 12 to 22. The Company's result for the year after taxation was a profit of £395,000 (2019: £142,000).

The Directors do not recommend the payment of a dividend in the year (2019: £ nil).

Directors

The Directors who held office during the year and up to the date of approval of the financial statements were as follows:

- J B Morris (appointed 12 May 2020)
- P Jenkins (appointed 31 December 2020)
- D Usher (resigned 31 December 2020)
- C Buick (resigned 12 May 2020)
- P Richardson (resigned 23 January 2020)

Political donations

The Company made no political contributions (2019: £nil).

COVID-19 pandemic

Throughout 2020 Cabot has continuously adapted to the changing environment which resulted from the impact of the COVID-19 (coronavirus) outbreak. As well as evolving working procedures both within our offices and via the adoption of widespread working from home practices, we continue to recognise the impact that this has on our customers and have tailored our approach accordingly.

Although the COVID-19 outbreak has demonstrated Cabot's ability to withstand significant external disruption whilst maintaining full operational capability, we remain very alert to this ongoing crisis and will continue to monitor and adapt where required to both protect colleagues welfare and maintain service for customers, in particular for those who may require additional support during this very difficult time.

MFS Portfolio Limited

Directors' report (continued) For the year ended 31 December 2020

Auditors

Each of the persons who is a Director at the date of approval of this report confirms that:

- so far as the Director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the Director has taken all the steps that he ought to have taken as a Director in order to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Approved by the Board of Directors and signed on behalf of the Board.

MFS Portfolio Limited

Statement of Directors' responsibilities For the year ended 31 December 2020

The Directors are responsible for preparing the strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 101 *Reduced Disclosure Framework* (FRS 101). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 101 *Reduced Disclosure Framework* (FRS 101) have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

MFS Portfolio Limited

Independent auditor's report to the members of MFS Portfolio Limited

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2020 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of MFS Portfolio Limited ("the Company") for the year ended 31 December 2020 which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – basis of preparation

We draw attention to note 2.2 to the financial statements which explains that during the period, the Company's portfolio assets were transferred to a fellow subsidiary and the Company ceased trading. Accordingly, the financial statements have been prepared on a basis other than that of going concern as described in note 2.2. Our opinion is not modified in respect of this matter.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

MFS Portfolio Limited

Independent auditor's report to the members of MFS Portfolio Limited (continued)

Other Companies Act 2006 reporting

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

MFS Portfolio Limited

Independent auditor's report to the members of MFS Portfolio Limited (continued)

Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We have obtained an understanding of the legal and regulatory frameworks applicable to the entity and we have enquired of management to identify how the entity is complying with those frameworks and whether there were any known instances of non-compliance.

We considered the entity's control environment that has been established to prevent, detect and deter fraud. We then assessed the risk of susceptibility of the entity's financial statements to material misstatement, including how fraud might occur.

In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments in the general ledger.

We communicated relevant identified laws and regulations and potential fraud risks to all engagement team members and discussed how and where these might occur and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020

1. General information

MFS Portfolio Limited is a company limited by shares incorporated and domiciled in England and Wales. The registered office is located at Marlin House, 16-22 Grafton Road, Worthing, West Sussex, BN11 1QP.

The Company's principal activity for the year ended 31 December 2020 was investment in defaulted consumer loans in the United Kingdom and is a member of the Encore Capital Group, Inc. ("Encore"), "the Group".

2. Basis of preparation and significant accounting policies

The basis of preparation and the accounting policies adopted are described below. These have been applied consistently throughout all periods presented.

2.1. Basis of preparation

The financial statements of the Company have been prepared in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with Companies Act 2006. The financial statements have been prepared under the historical cost convention, except for the revaluation at current value of certain financial assets. These standards have been applied consistently throughout the current and preceding year.

The financial statements are presented in UK pounds sterling (£), which is the company's functional currency.

The Company has taken advantage of the following disclosure requirements under FRS 101:

- the requirements of paragraph 38 of IAS 1 *Presentation of Financial Statements* to present comparative information requirements in respect of paragraph 79(a)(iv) of IAS 1;
- The requirements of paragraph 10(d), 10(f) and 134-136 of IAS 1 *Presentation of Financial Statements*;
- the requirements of IAS 7 *Statement of Cash Flows*; and
- the exemption in paragraph 8(k) of FRS 101 not to disclose transactions with Group companies wherein any subsidiary undertaking which is a party to the transactions is wholly owned by a member of that Group.

The Company has taken advantage of the exemption from preparing consolidated financial statements afforded by section 400 of the Companies Act 2006 as it is a wholly owned indirect subsidiary of Encore Capital Group, Inc. and its results are included in the consolidated financial statements of that company. These financial statements therefore present information about the Company as an individual entity alone.

2.2. Going concern

On 24 August 2020, the Directors signed an agreement to transfer the beneficial interest of the loan portfolios (£13,868,000) from MFS Portfolio Limited to Cabot Financial (UK) Limited, a fellow subsidiary, effective 1 January 2020. As such the decision has been made for this company to cease trading therefore the Directors do not consider this company to be a going concern. The financial statements have therefore been drawn up to include all assets at the amounts expected to be recoverable from their use and liabilities at their expected settlement value and to make provision for liabilities expected to arise as a result of the cessation of trade.

Legal title still remains within MFS Portfolio Limited. The transfer was made through intercompany trading balances, therefore no cash consideration was exchanged.

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020

2.3. Summary of significant accounting policies

Revenue

Revenue represents income derived from purchased loan portfolios.

Income derived from purchased loan portfolios represents the return for credit risk, adjusted for changes in the current values of the loan portfolios arising from periodic changes in estimates of future cash flows.

Taxation

The tax expense represents the sum of the tax currently payable and deferred tax. It is recognised in the statement of comprehensive income except to the extent that it relates to a business combination, or items recognised directly in equity or other comprehensive income.

Current tax

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the year end date.

Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax

Deferred tax is recognised in respect of all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary difference, the carry forward of unused tax credits and any unused losses. Such assets and liabilities are not recognised if they arise from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Deferred tax liabilities are recognised for taxable differences arising on investments in subsidiaries except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting date and reduced to the extent that it is not probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on the tax rates that have been enacted or substantively enacted by the end of the reporting period.

Interest receivable and interest payable

There are interest receivable and payable to parent and other Group undertakings.

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020

2.3. Summary of significant accounting policies (continued)

Financial instruments

IFRS 9

The Group applied the simplified approach and recorded lifetime expected losses on all trade receivables and intercompany borrowings.

Financial assets

The Company classifies its financial assets into one of the categories discussed below, depending on the purpose for which the asset was acquired.

Fair value through profit or loss

This category comprises in-the-money derivatives and out-of-the-money derivatives where the time value offsets the negative intrinsic value. They are carried in the statement of financial position at fair value with changes in fair value recognised in the statement of comprehensive income in the recurring finance income or recurring finance cost line.

Amortised cost

This category comprises purchased loan portfolios, trade and other receivables or other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest.

They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest method, less any impairment.

Impairment provisions for current and non-current trade and other receivables are recognised based on the simplified approach within IFRS 9 using a provision matrix in the determination of the lifetime expected credit losses. During this process the probability of the non-payment of trade and other receivables are assessed. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for financial assets. Financial assets are reported net of any provisions. On confirmation that the financial asset will not be recoverable, the carrying value of the asset is written off.

Purchased loan portfolios comprise financial assets which have been acquired at a significant discount from their face value, which reflects incurred credit losses.

On initial recognition, purchased loan portfolios (comprising loans and receivables) are recognised at fair value, being the fair value of the consideration paid or payable, plus directly attributable transaction costs. The initial yield is derived by establishing the rate that discounts expected future cash receipts from the portfolio to its carrying amount on initial recognition.

Subsequently, the carrying amount of the portfolio is adjusted to its current value by updating expected future cash receipts and discounting them using the initial yield.

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020

2.3. Summary of significant accounting policies (continued)

On the sale of portfolio assets, and subsequent de-recognition of the financial assets, the difference between the current value on the statement of financial position and the total consideration received is recognised within Revenue in the statement of comprehensive income.

Financial liabilities

The Company classifies its financial liabilities into one of two categories, depending on the purpose for which the liability was acquired.

Fair value through profit or loss

This category comprises out-of-the-money derivatives where the time value does not offset the negative intrinsic value.

They are carried in the statement of financial position at fair value with changes in fair value recognised in the statement of comprehensive income. The Group does not hold or issue derivative instruments for speculative purposes, but for hedging purposes.

Other financial liabilities

Other financial liabilities are initially recognised at fair value and in the case of borrowings and payables, net of directly attributable transaction costs. Subsequently, they are carried at amortised cost using the effective interest rate method.

3. Significant accounting judgements, estimates and assumptions

Intercompany borrowings

The Directors have deemed that loans to other group undertakings are at a market rate and therefore the carrying value of the loans are an accurate approximation of fair value. The Directors believe that the loans are 100% recoverable or payable.

4. Revenue

Revenue arises in the UK. An analysis of revenue by activity is as follows:

	2020 £000	2019 £000
Income on owned portfolios	-	2,370
Positive impairment of portfolio investments	-	625
	<u>-</u>	<u>2,995</u>

5. Operating profit

Profit on ordinary activities before taxation is stated after charging auditor's remuneration of £nil (2019: £nil). Auditor's remuneration of £9,200 (2019: £9,900) with respect to the Company's audit fees for the year was borne by another group company.

The Company employs no staff directly (2019: nil) and the directors of the Company did not receive any remuneration in the period (2019: nil).

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020

6. Interest receivable and similar income

	2020 £000	2019 £000
Interest income from parent and other Group undertakings	<u>3,337</u>	<u>2,016</u>

7. Interest payable and similar charges

	2020 £000	2019 £000
Interest expense due to parent and other Group undertakings	<u>3,181</u>	<u>3,052</u>

8. Tax

The income tax expense comprises:

	2020 £000	2019 £000
Current tax		
Group relief payable	235	144
Prior period adjustments	<u>105</u>	<u>25</u>
Total current tax	340	169
Deferred tax		
Origination and reversal of timing differences	(53)	-
Utilisation of tax losses	<u>-</u>	<u>(105)</u>

Purchased loan portfolios	-	10,424
Expected falling due within one year		
Purchased loan portfolios	-	3,444
Total	-	13,868

The following table summarises the movement in the current value of the Company's loan portfolios in the period:

	2020 £000	2019 £000
Current value at the beginning of the financial period	13,868	17,602
Movement in current value ^(a)	-	2,995
Gross collections on owned portfolios	-	(4,591)
Pre-determination cash and other adjustments	-	(1)
Portfolios disposed of in the period	-	(2,139)
Transfers out ^(b)	(13,868)	-
Current value at the end of the financial period	-	13,868

^(a) Return for credit risk, adjusted for changes in the current values of the loan portfolios arising from periodic changes in estimates of future cash flows on owned loan portfolios as shown in note 4.

^(b) On 24 August 2020, the Directors signed an agreement to transfer the beneficial interest of loan portfolio total (£13,868,000) to Cabot Financial UK Limited, a fellow subsidiary, effective 1 January 2020.

10. Trade and other receivables

	2020 £000	2019 £000
Amounts owed by Group undertakings	88,761	72,949

All amounts falling due within one year are presented within current assets as required by the Companies Act. Loans and amounts due from parent and other Group undertakings are unsecured, have no fixed repayment date, are repayable on demand and interest on such balances is accrued on an arm's length basis.

The Company considers that the carrying amounts of the financial assets included above are a reasonable approximation of their fair value due to their short-term nature.

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020

11. Trade and other payables

	2020 £000	2019 £000
Amounts owed to Group undertakings	45,076	32,143
Other payables	-	6
	<u>45,076</u>	<u>32,149</u>

Amounts due to parent and other Group undertakings are unsecured, have no fixed repayment date, are repayable on demand and interest on such balances is accrued but not paid, at an arm's length basis. The Company considers that the carrying amounts of the financial liabilities included above are a reasonable approximation of their fair value due to their short-term nature.

12. Borrowings

	2020 £000	2019 £000
Loans from parent undertakings	<u>30,616</u>	<u>41,959</u>

Interest is charged on the loan at the rate of LIBOR plus 4% per annum unless the rate is deemed different by the Group transfer pricing policy.

13. Provisions

	Deferred tax £000
Brought forward as at 1 January 2020	475
Unwinding of discount and changes in the discount rate	(53)
As at 31 December 2020	<u>422</u>

The provision relates to the temporary difference between the tax base and the carrying amount of the loan portfolio for accounting purposes due to the transition from UK GAAP to IFRS in 2016. The provision is expected to be released to the statement of comprehensive income until 2024.

14. Share capital

	2020 £	2019 £
Allotted, called up and fully paid:		
1 Ordinary shares of £1 each, subscription price of £1	<u>1</u>	<u>1</u>

15. Contingent liabilities

The Company is party to guarantees in relation to borrowings within the Group. For details around such funding please refer to the Group consolidated financial statements.

MFS Portfolio Limited

Notes to the financial statements (continued) For the year ended 31 December 2020
