Flagship Securities Limited Notes to the Abbreviated Accounts for the year ended 31 March 2012

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The accounts have been prepared on the going concern basis. Due to the financial position of the company, the validity of this basis is conditional upon the continued support of the director and sole shareholder of the company and its bankers.

The director of the company has confirmed that he will not demand payment of any amount due to him or payment of any amounts due to the related companies, of which he is also a director, for at least the next 12 months from the date of approval of these accounts. The director is not, however, legally bound by these assurances

Should the company be unable to continue trading as a result of the withdrawal of support from the director or its bankers, adjustments would have to be made to reduce the value of the assets to their recoverable amounts, to provide for any further liability which might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities

Turnover

Turnover represents the net profit or loss on securities trading after accounting for all expenses

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases.

Fixtures, fittings and equipment

25% per annum on reducing balance

Investments

Current asset investments are stated at the lower of cost or net realisable value

Deferred taxation

No provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account
