DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare a strategic report, directors' report and financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework, and must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs at the end of the year and the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- make an assessment of the Company's ability to continue as a going concern.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the strategic report, directors' report and financial statements comply with the requirements of the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DISCLOSURE OF INFORMATION TO AUDITOR

- so far as they are aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that they ought to have taken to make themselves aware of any relevant audit information, and to establish that the Company's auditor is aware of that information.

This confirmation is given and shall be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards including Financial Reporting Standard 101 Reduced Disclosure Framework.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2015 and of its result for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards and Financial Reporting Standard 101 Reduced Disclosure Framework; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

The accompanying notes form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting policies**a) Presentation of accounts**

These financial statements are prepared on a going concern basis and have been prepared in accordance with the recognition and measurement principles of International Financial Reporting Standards issued by the IASB and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB as adopted by the EU (together IFRS) and under Financial Reporting Standard (FRS) 101 Reduced Disclosure Framework. The Company meets the definition of a qualifying entity under FRS 100 Application of Financial Reporting Requirements issued by the Financial Reporting Council.

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a cash-flow statement, and standards not yet effective. Where required, equivalent disclosures are given in the group accounts of The Royal Bank of Scotland Group plc and of SSE plc; these accounts are available to the public and can be obtained as set out in note 14.

The accounts are prepared on the historical cost basis.

The Company's financial statements are presented in Sterling which is the functional currency of the Company.

The Company is incorporated in the UK and registered in England and Wales. The company's accounts are presented in accordance with the Companies Act 2006.

The few changes to IFRSs that were effective from 1 January 2015 have had no material effect on the Company's financial statements for the year ended 31 December 2015.

b) Revenue recognition

Turnover comprises income generated from the provision of street lighting services under a Private Finance Initiative (PFI) contract. Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

c) Financial assets

On initial recognition, financial assets are classified into held-to-maturity investments; loans and receivables; held-for-trading; designated as at fair value through profit or loss; or available-for-sale financial assets.

Loans and receivables

Non-derivative financial assets with fixed or determinable repayments that are not quoted in an active market are classified as loans and receivables, except those that are classified as available-for-sale or as held-for-trading, or designated as at fair value through profit or loss. Loans and receivables are initially recognised at fair value plus directly related transaction costs. They are subsequently measured at amortised cost using the effective interest method less any impairment losses.

NOTES TO THE FINANCIAL STATEMENTS (continued)**1. Accounting policies (continued)****d) Impairment of financial assets**

The Company assesses at each balance sheet date whether there is any objective evidence that a financial asset or group of financial assets classified as held-to-maturity, available-for-sale or loans and receivables is impaired. A financial asset or portfolio of financial assets is impaired and an impairment loss incurred if there is objective evidence that an event or events since initial recognition of the asset have adversely affected the amount or timing of future cash flows from the asset.

e) Financial liabilities

On initial recognition financial liabilities are classified into held-for-trading; designated as at fair value through profit or loss; or amortised cost.

Other than derivatives, which are recognised and measured at fair value, all other financial liabilities are measured at amortised cost using the effective interest method.

f) Derecognition

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired or when it has been transferred and the transfer qualifies for derecognition.

A financial liability is removed from the balance sheet when the obligation is discharged, cancelled, or expires.

g) Inventories and long-term contracts

The amount of long-term contracts, at cost incurred, net of amounts transferred to cost of sales, after deducting foreseeable losses and payments on account not matched with turnover, is included within work in progress in inventory. The amount by which recorded turnover is in excess of payments on account is included in debtors as amounts recoverable on long-term contracts. The amount by which provisions or accruals for foreseeable losses exceed costs incurred, after transfer to cost of sales, is included within either provisions for liabilities and charges or creditors, as appropriate.

2. Critical accounting policies and key sources of estimation uncertainty

The reported results of the Company are sensitive to the accounting policies, assumptions and estimates that underlie the preparation of its financial statements. UK company law and IFRS require the directors, in preparing the Company's financial statements, to select suitable accounting policies, apply them consistently and make judgements and estimates that are reasonable and prudent.

In the absence of an applicable standard or interpretation, IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors', requires management to develop and apply an accounting policy that results in relevant and reliable information in the light of the requirements and guidance in IFRS dealing with similar and related issues and the IASB's Framework for the Preparation and Presentation of Financial Statements.

The judgements and assumptions involved in the Company's accounting policies that are considered by the directors to be the most important to the portrayal of its financial condition are discussed below. The use of estimates, assumptions or models that differ from those adopted by the Company would affect its reported results.

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Critical accounting policies and key sources of estimation uncertainty (continued)**Inventory and work in progress**

The valuation of the work in progress balance at year end and the transfer from work in progress to the profit and loss account requires an estimate of the expected outturn of the whole project, which has been established on the basis that the Company does not make a profit or a loss during the term of the contract. The directors are required to consider cash flow projections for income, costs and borrowings in order to assess whether a nil profit or loss is still achievable.

3. Staff costs

The Company has no employees (2014: nil).

The directors' emoluments for Adrianus Breugelmans, Owen Temple and Jonathan Bailey were paid by SSE Plc. All other directors were paid by The Royal Bank of Scotland Group plc. No recharge is being made to the Company in respect of any directors. It is not possible to allocate directors' remuneration between the companies of which they are a director.

4. Finance costs

| | 2015 £'000 | 2014 £'000 |

9. Trade and other payables

| | 2015 £'000 | 2014 £'000 |
|----------------|---------------|---------------|
| Trade Payables | 1,917 | 1,330 |
| Other payables | 494 | 451 |
| | 2,411 | 1,781 |

10. Financial instruments and risk management

(i) Categories of financial instruments

The directors consider that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate to their fair values. Where the financial instruments are of short maturity, the carrying value is equal to the fair value.

All financial assets are classed as loans and receivables. All financial liabilities are classed as amortised cost.

(ii) Financial risk management

The principal risks associated with the Company's businesses are as follows:

Interest rate risk

Interest rate risk arises where assets and liabilities have different re-pricing maturities. Interest bearing liabilities are held at fixed rate to ensure certainty of cash flows.

The interest profile of the Company's assets and liabilities is as follows:

| 2015 | Fixed rate £'000 | Variable rate £'000 | Non- interest earning £'000 | Total £'000 |
|---|------------------------|---------------------------|--------------------------------------|-----------------|
| Financial assets | | | | |
| Trade receivables | - | - | 1,165 | 1,165 |

NOTES TO THE FINANCIAL STATEMENTS (continued)

10. Financial instruments and risk management (continued)

(ii) Financial risk management (continued)

Interest rate risk (continued)

| 2014 | Fixed rate £'000 | Variable rate £'000 | Non- interest earning £'000 | Total £'000 |
|---|------------------------|---------------------------|--------------------------------------|-----------------|
| Financial assets | | | | |
| Trade receivables | - | - | 4,418 | 4,418 |
| Cash | - | 2,435 | - | 2,435 |
| | - | 2,435 | 4,418 | 6,853 |
| Financial liabilities | | | | |
| Borrowings | 77,174 | - | - | 77,174 |
| Trade and other payables | - | - | 1,781 | 1,781 |
| | 77,174 | - | 1,781 | 78,955 |
| Net financial (liabilities)/assets | (77,174) | 2,435 | 2,637 | (72,102) |

Assuming that the balances receivable and/or payable at the balance sheet date were receivable and/or payable for the whole year, had interest rates been 0.5% higher and all other variables held constant, the Company's result before tax for the year would not have been materially affected (2014: result before tax for the year would not have been materially affected). There would be no other material impact on equity.

Credit risk

The table below provides details of credit exposures for those financial assets not impaired.

| <u>Sector</u> | <u>No. of counterparties</u> | 2015 £'000 | 2014 £'000 |
|-------------------------|----------------------------------|-----------------------|-----------------------|
| Public Sector | 1 (2014: 1) | 1,155 | 4,418 |
| RBS group undertakings | | 3,187 | 2,435 |
| Maximum credit exposure | | 4,342 | 6,853 |

Based on counterparty payment history the Company considers all the above financial assets to be of good credit quality.
