The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Statement of Income and Retained Earnings has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 12 May 2022 and were signed on its behalf by:

S Godber - Director

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### 1. STATUTORY INFORMATION

Vio HealthTeeh Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

#### 2. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on a going concern basis despite the loss after tax this year of £821,455 (2020: £406,291). As at 31 December 2021 the company has losses since trading of £11,980,810. Based on engoing discussions with potential investors, the directors believe that the company has sufficient financial resources to enable it to continue in operational existence for the foreseeable future meeting its liabilities as they fall due. The company is reliant on the support of the directors and investors whilst developing its product and market.

The board believes it has the necessary funding to continue to increase the profitability of the company through the year.

The 100% US subsidiary company, Vio Heathtech Inc. generated incremental turnover of \$1.151m (£851k) for the year ended 31 December 2021 (2020: \$1,591k (£1,165k)) and a net loss of \$305k £225k (2020: £73k).

### Judgements and key sources of estimation uncertainty

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities at the date of financial position and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

#### Turnover

Turnover represents net invoiced sales of goods and services, excluding value added tax

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Plant and machinery - 25%-33.3% on cost Computer equipment - 33% straight line basis

### Employment support income

Grant income received from the UK's Coronavirus Job Retention Scheme has been recognised in the period in which the related staff expense was incurred. This income for 2020 was recognised in other operating income, nil received in the current year.

#### Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost less provision for diminution in value.

#### Stocks

Stock is valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving stock. Cost includes all direct costs and an appropriate proportion of variable overheads.

Page 3 continued...

## NOTES TO THE FINANCIAL STATEMENTS - continued FOR THE YEAR ENDED 31 DECEMBER 2021

#### 2. ACCOUNTING POLICIES - continued

#### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

#### Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

#### Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

#### Pensions

The company contributes to personal pension plans and the pension charge represents the amount payable by the company to these funds in respect of the year.

#### Patent and trademarks

The company owns rights to the patent and trademark of Fertiloscope and DuoFertility Sensors. Patents are valued at cost less accumulated amortisation. Amortisation is provided at 10 - 20% straight line.

#### Investments

Fixed asset investments are stated at cost less provision for diminution in value.

#### Holiday pay

Holiday pay is recognised as an expense in the period in which the service is received.

#### **Share-based payments**

Equity-settled share based payments are measured at fair value at the date of grant by reference to a recent third party approved share valuation. The fair value determined at the grant date is expensed on a straight-line basis over the term of the vesting period subject to variables within the company's scheme rules, based on the estimate of shares that will eventually vest. A corresponding adjustment is made to equity.

### 3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 9 (2020 - 10).
