Notes to the Abbreviated Accounts for the Year Ended 31 October 2013

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced services excluding value added tax

Deferred tax

Provision is made at current rates of taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the Directors there is reasonable probability that the liability will not arise in the foreseeable future

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.

2 Share capital

Allotted, called up and fully paid shares
