Independent auditor's report to Agri-lloyd International Limited under section 449 of the Companies Act 2006

We have examined the abbreviated accounts set out on page 2 to 4, together with the financial statements of Agri-lloyd International Limited for the year ended 30 June 2014 prepared under section 396 of the Companies Act 2006.

This report is made solely to the company in accordance with section 449 of the Companies Act 2006. Our work has been undertaken so that we might state to the company those matters we are required to state to it in such a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

The directors are responsible for preparing the abbreviated accounts in accordance with section 444 of the Companies Act 2006. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the regulations made under that section and to report our opinion to you.

Basis of opinion

We conducted our work in accordance with Bulletin 2008/4 *The special auditor's report on abbreviated accounts in the United Kingdom* issued by the Auditing Practices Board. In accordance with that Bulletin we have carried out the procedures we considered necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered have been properly prepared.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with section 444 (3) of the Companies Act 2006 and the abbreviated accounts have been properly prepared in accordance with the regulations made under that section.

(forming part of the financial statements)

1 Accounting policies

Basis of accounting

The accounts have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts, to the extent that the company has a right to consideration arising from the performance of its contractual arrangements.

Fixed assets

All fixed assets are initially recorded at cost.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

- Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.
- Deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.
