NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2008

1. ACCOUNTING POLICIES

1.1 Basis of Preparation of Financial Statements:

The Financial Statements are prepared under the historical cost convention and include the results of the company's operations which are described in the Directors' Report and all of which are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard No. 1 from the requirement to produce a cashflow statement on the grounds that it is a small company.

1.2 Turnover

Turnover comprises the invoiced value of rent and services supplied by the company, net of Value Added Tax and trade discounts.

1.3 Tangible Fixed Assets & Depreciation

Tangible Fixed Assets are stated at cost or valuation less depreciation.

Depreciation, other than on investment properties, is provided at rates calculated to write off the cost or valuation of Fixed Assets, less their estimated residual value, over their expected useful lives on the following basis:-

Office equipment	25% on straight line
------------------	----------------------

1.4 Leasing & Hire Purchase

Assets obtained under Hire Purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by Finance Lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by the Hire Purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The Finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.5 Operating Lease

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.
