1. *Pharmaceutical industry*—The pharmaceutical industry is the largest of the three industries, with sales of \$10.5 billion in 1990. It is the only industry in the sample that has a significant number of firms with sales exceeding \$1 billion. The industry is characterized by a high degree of concentration, with the top 10 firms accounting for 40% of sales. The industry is also characterized by a high degree of innovation, with a large number of new drugs being developed each year.
