- For the year ending 30 June 2012 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 27 March 2013

And signed on their behalf by:

D J Morris, Director

Notes to the Abbreviated Accounts for the period ended 30 June 2012**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents amounts invoiced in respect of goods and services, net of value added tax as adjusted for the movement in work in progress during the year.

Tangible assets depreciation policy

Depreciation is calculated to write down the cost of tangible fixed assets over their expected useful economic lives using the following rates:

Plant and machinery 15% reducing balance

Motor vehicles 20% reducing balance

Intangible assets amortisation policy

Goodwill is being written off in equal annual instalments over the directors estimate of its useful economic life of 10 years.

Other accounting policies

Stock and work in progress

Stock is valued at the lower of cost and net realisable value. In respect of finished goods and work in progress cost includes a relevant proportion of overheads according to the stage of completion. Net realisable value represents estimated selling price less costs required to sell. Provision is made for slow moving, obsolete or damaged stock where the net realisable value is less than cost.

Deferred taxation

Deferred taxation is provided on the liability method to take account of timing differences between the treatment of certain items for accounts purposes and their treatment for tax purposes on a full provision basis.

Cash flow statement

The company is exempt from the requirement to produce a cash flow statement as it qualifies as a small company under the Companies Act 2006.

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding. Rentals paid under operating leases are charged on a straight line basis over the lease term.

2 Intangible fixed assets
