NOTES

You should read these notes carefully before completing the forms. The notes do not form part of the return to be sent to the registrar of companies.

Form and Contents of Statement

(1) Every statement must contain a detailed account of all the liquidator's realisations and disbursements in respect of the company. The statement of realisations should contain a record of all receipts derived from assets existing at the date of the winding up resolution and subsequently realised, including balance at bank, book debts and calls collected, property sold etc., and the account of disbursements should contain all payments of costs, charges and expenses, or to creditors or contributories. Receipts derived from deposit accounts and money market deposits are to be included in the 'balance at bank'. Only actual investments are to be included in the 'amounts invested' section in the analysis of balance on page 5 of the form. Where property has been realised, the gross proceeds of sale must be entered under realisations and the necessary payments incidental to sales must be entered as disbursements. A payment into the insolvency Services Account is not a disbursement and should not be shown as such, nor are payments into a bank, building society or any other financial institution. However, the interest received on any investment should be shown in the realisations. Each receipt and payment must be entered in the account in such a manner as sufficiently to explain its nature. The receipts and payments must severally be added up at the foot of each sheet and the totals carried forward from one account to another without any intermediate balance, so that the gross totals represent the total amounts received and pald by the liquidator respectively.

Trading Account

(2) When the liquidator carries on a business, a trading account must be forwarded as a distinct account, and the total of receipts and payments on the trading account must alone be set out in this statement.

Dividends

- (3) When dividends, instalments of compositions, etc. are paid to creditors or a return of surplus assets is made to contributories, the total amount of each dividend, etc actually paid, must be entered in the statement of disbursements as one sum, and the liquidator must forward separate accounts showing in lists the amount of the claim of each creditor, and the amount of dividend, etc payable to each creditor or contributory
- (4) When unclaimed dividends, etc. are paid into the insolvency Services Account, the total amount so paid in should be entered in the statement of disbursements as one sum. The Items to be paid in relation to unclaimed dividends should first be included in the realisations side of the account.
- (5) Credit should not be taken in the statement of disbursements for any amount in respect of liquidator's remuneration unless it has been duly allowed by resolutions of the liquidation committee or of the creditors or of the company in general meeting, or by order of the court as the case may require, or is otherwise allowable under the provisions of the insolvency Rules

1 Introduction

This is the Liquidators' first annual progress report and it covers the period 3 April 2012 to 2 April 2013

The Liquidators' receipts and payments account for the period is attached as Appendix 2. A schedule of expenses incurred by the Liquidators during this reporting period is attached at Appendix 4. All figures in this report are net of VAT unless otherwise stated.

Company information as required under Rule 4 49(C) is attached at Appendix 1

2 Progress of the liquidation

2.1 Asset realisations

1.1.1 Book debts

In their statement of affairs, the Directors estimated that a debt of £30,815 was due from Lion Silk Funding Lux 2 SARL A payment of £23,319 was received from ATC Group in settlement of this debt

1.1.2 Group tax relief

The Liquidators sold the benefit of the Company's pre-appointment corporation tax losses to LSL for £34,002

2.2 Costs of realisations

Payments made in this period are set out in the attached receipts and payments account (see Appendix 2).

The schedule of expenses attached as Appendix 4 details the costs incurred, paid or unpaid, specifically relating to this reporting period

Please note that under Rule 4 49(E), creditors are advised, that within 21 days of receipt of this report a creditor may request additional information about the Liquidators' remuneration and expenses are set out in this report A request must be in writing, and may be made either, by a secured creditor, or by an unsecured creditor with the concurrence of at least 5% in value of unsecured creditors (including himself) or the permission of the court

In addition, under Rule 4 131, any secured creditor, or any unsecured creditor with either the concurrence of at least 10% in value of creditors, or with the permission of the court may apply to the court, to challenge the remuneration charged, the basis of the remuneration or the expenses incurred by the liquidator Any such application must be made no later than eight weeks after receipt of the first person which reports the charging of the remuneration or the incurring expenses in question

2.2.1 Liquidators' remuneration

The statutory provisions relating to remuneration are set out in Rule 4 127 Further information can be found in the Association of Business Recovery Professional's publication "A creditors' guide to Liquidators fees," a copy of which can be found at http://www.r3 org.uk/media/documents/technical_library/SIPS/SIP_9_EWNov2011 pdf However, if you are unable to access this guide and would like a copy please contact Kelly Haines on 0118 373 1401

The basis of the Liquidators' remuneration was fixed on the basis of time properly spent by the Liquidators and their staff in dealing with this matter at the meeting of creditors held on 3 April 2013 An analysis of the Liquidators' time costs is attached, together with a schedule of the Liquidators' hourly charge out rates (see Appendix 3) This shows that the Liquidators have incurred time costs of £28,311 representing 103 hours at an average hourly rate of £275 The above includes tax, VAT and pensions advice from KPMG's in house specialists. No remuneration has been drawn to date

2.2.2 Meeting of creditors and statement of affairs

At the creditors' meeting held on 3 April 2012, the creditors approved KPMG's time costs of £2,328 and £12,055 for work undertaken in assisting the Directors with the preparation of the statement of affairs and convening a meeting of creditors in accordance with Section 98, respectively These costs have not yet been paid

3 Liabilities

3.1 Secured creditors

We estimate that net floating charge realisations, after costs, available to creditors will be in the region of £12,000

The Secured Lenders for the LSL Group provided senior debt facilities to the Company, and held fixed and floating charge security over the assets of the Company, which was also cross guaranteed by the companies in the LSL Group

The Secured Lenders' claims totalled £9 1 million and were settled in full by companies in the LSL Group as guarantors. This will result in the LSL Group having a subrogated secured claim against the Company. Based on current estimates a distribution of approximately £7,000 will be made to the LSL Group in this respect.

3.2 Unsecured creditors

In their statement of affairs, the Directors estimated unsecured creditors to be £123million the majority of which are related companies

In accordance with Rule 11 2, the Liquidators have issued a notice of intended dividend to all known creditors and intend to make a first and final dividend payment to the unsecured creditors of the Company, within 2 months from 8 May 2013

Based on current information available, there will be funds of approximately £5,000 available to distribute to unsecured creditors

9 May 2013

4 Other matters

4.1 Investigations

The Liquidators have a duty to investigate whether potential causes of action exist against third parties which would increase recoveries for creditors. Following a review of the Company's affairs the Liquidators consider that there are no such causes of action in this matter.

The Liquidators also have a duty to investigate the conduct of directors, and submit a return to Department of Business Innovation and Skills on the conduct of those directors or shadow directors who were in office in the three years prior to the liquidation. The Liquidators have complied with this obligation. The contents of the report are confidential and cannot be disclosed.

4.2 Taxation

KPMG Tax specialists were instructed to prepare necessary returns in order to finalise the Company's tax position. Subsequently HM Revenue & Customs have confirmed that they have no objection to the liquidation being closed in due course.

5 Future strategy

5.1 Ongoing matters

In summary, the following matters need to be completed prior to closing the liquidation

- settling KPMG LLP's costs relating to the meeting of creditors and statement of affairs,
- finalising and paying costs of the liquidation, including the Liquidators' remuneration.
- finalising agreement of claims and payment of dividends to secured and unsecured creditors, and
- dealing with ongoing statutory and compliance obligations

As soon as these matters have been completed, the Liquidators will issue a final progress report and call final meetings of members and creditors to bring the liquidation to an end and obtain their release from office. The Company will then be dissolved approximately three months thereafter

5.2 Future reporting

The Liquidators will report again on the progress of the liquidation within two months of 3 April 2014 or prior to its conclusion, if earlier

KPMG Restructuring policy for the recovery of disbursements

Where funds permit the officeholder will look to recover both category 1 and category 2 disbursements from the estate For the avoidance of doubt, such expenses are defined within SIP 9 as follows

Category 1 disbursements These are costs where there is specific expenditure directly referable both to the appointment in question and a payment to an independent third party These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff

Category 2 disbursements These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage

Any disbursements paid from the estate are disclosed within the attached summary of disbursements

Category 2 disbursements that KPMG Restructuring currently charges includes mileage, this is calculated as follows:

Mileage claims fall into three categories

Use of privately-owned vehicle or car cash alternative - 40p per mile

Use of company car - 60p per mile

Use of partner's car - 60p per mile

For all of the above car types, when carrying passengers an additional 5p per mile per passenger will also be charged where appropriate

Notes

Creditors are advised that the basis of the Liquidators' remuneration was agreed by the creditors on a time cost basis. Attached at Appendix 3 is an analysis of the Liquidators' time costs incurred in this reporting period.

Any additional information regarding the Liquidators' remuneration and/or other expenses charged for the period is available from the Liquidators upon request by any secured creditor or any unsecured creditor(s) with at least 5% in value of the unsecured debt in accordance with Rule 4 49E. This request must be made within 21 days of receipt of the report

In addition, creditors are reminded that the quantum can be challenged by any secured creditor or any unsecured creditor(s) with at least 10% in value (including the creditors' claim) of the unsecured debt by making an application to Court in accordance with Rule 4 131 within eight weeks of receipt of this report
