**NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE YEAR ENDED 30 SEPTEMBER 2015**
**1. ACCOUNTING POLICIES**
**Going concern**

These financial statements have been prepared on the basis that the company will continue to be a going concern. If this assumption is not considered valid, then adjustments would need to be made to reduce the value of assets to their recoverable amount, to provide for any further liabilities that might arise and to reclassify fixed assets as current assets.

The validity of the going concern basis depends upon the continued support of the company director and creditors. The director is not aware of any reason why this support should not be forthcoming.

**Accounting convention**

The financial statements have been prepared under the historical cost convention.

**Financial reporting standard number 1**

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

**Turnover**

Turnover represents income receivable from the supply of services.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant & machinery	- 25% on reducing balance
