NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 December 2008

1 ACCOUNTING POLICIES

Accounting convention

The principal accounting policies are summarised below. They have been applied consistently throughout the year and the preceding period.

Going concern

The financial statements have been prepared on a going concern basis, which assumes the company will be able to meet its liabilities as they fall due, for the foreseeable future.

The current economic conditions have created a number of uncertainties in the market in which the company operates, in particular in respect of asset valuations.

The company is party to a cross guarantee over debt drawn across the Pureskill group secured on the company's assets. The group financing arrangements include valuation covenants amongst other requirements.

The director has acknowledged the latest FRC guidance on going concern during the current economic conditions. The group has prepared forecasts (including those of the company), taking into account reasonably possible changes, which have been reviewed by the director, based on estimates and judgements about the economic environment in which the group operates. In addition the parent company Pureskill Limited has confirmed that it will provide financial support for the company to meet its liabilities for the foreseeable future.

After making enquiries, the director has formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the company has access to adequate resources to continue in operational existence for the foreseeable future. Accordingly, the director continues to adopt the going concern basis in preparing the financial statements.

Financial Reporting Standard Number 1 (revised)

Under the provisions of Financial Reporting Standard No. 1 (revised) the company has not prepared a cash flow statement because its ultimate parent undertaking Pureskill Limited, which is incorporated in Great Britain, has prepared consolidated financial statements which include a cash flow statement incorporating the cash flows of the company.

Stocks

Stocks are stated at the lower of cost and net realisable value.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and is stated net of discounts and VAT.

Revenue comprises income in relation to the sale of properties and is recognised on the point of completion.

2 OPERATING LOSS

The operating loss is stated after charging:

	Year Ended 31 12 08 £	Period 28 7 06 to 31 12 07 £
Fees payable to the company's auditors for the audit of the company's annual accounts	250	-
Formation costs	-	118
	<u> </u>	<u> </u>
Directors' emoluments and other benefits etc	<u> </u>	<u> </u>

The director is an employee of another company within the group and is not paid for his services as a director of this company. The company had no employees in the current year or previous period.

Fees payable to the company's auditors for the audit of the company's accounts for the previous year of £1,047 has been borne by another group company.

3 TAXATION

Analysis of the tax charge

No liability to UK corporation tax arose on ordinary activities for the year ended 31 December 2008 nor for the period ended 31 December 2007.
