Profit and loss account		<u>5,297</u>	<u>3,862</u>
SHAREHOLDERS' FUNDS		5,298	3,863

The director is satisfied that the company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the year by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act

The director acknowledges his responsibility for

- (i) ensuring that the company keeps adequate accounting records which comply with section 386 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006

These abbreviated accounts were approved and signed by the director and authorised for issue on

30/15/3-11

 MR A TODOROV

Company Registration Number 05908301

The notes on pages 2 to 4 form part of these abbreviated accounts

1. ACCOUNTING POLICIES

In preparing the financial statements for the current year, the company has adopted the Financial Reporting Standard for Smaller Entities (effective January 2005), FRSSE 2005. FRSSE 2005 adopts the approach of FRS 25 to accounting for dividends on equity shares, that is dividends are debited to profit & loss reserves, rather than the profit and loss account for the year. The comparative figures have been restated to provide consistency in presentation.

The turnover shown in the profit and loss account represents amounts invoiced during the year

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

All fixed assets are initially recorded at cost

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Equipment - 25% Reducing balance

1. ACCOUNTING POLICIES *(continued)*

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

2. FIXED ASSETS

	Tangible Assets £
COST	
Additions	450
At 31 March 2011	<u>450</u>
DEPRECIATION	
Charge for year	113
