## **STATEMENT OF DIRECTORS' RESPONSIBILITIES FOR THE YEAR ENDED 31 MARCH 2010**

---

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of the director and auditors**

As explained more fully in the Directors' Responsibilities Statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

### **Scope of audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

### **Opinion on the financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 March 2010 and of its loss for the year then ended,

## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2010**

---

### **1 Accounting policies**

#### **1.1 Accounting convention**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

The financial statements are prepared in accordance with applicable accounting standards

#### **1.2 Basis of preparation**

The financial statements have been prepared in accordance with applicable United Kingdom accounting standards and under the historical cost convention, modified to include the revaluation of investment properties. The true and fair override provision of the Companies Act 2006 has been invoked. See 'investment properties' below

#### **1.3 Going concern**

The financial statements have been prepared on a going concern basis. The related undertakings who retain joint ownership and control over Centros Bury St Edmunds Link Site Limited have indicated their willingness to support the company as to enable it to meet its liabilities as they fall due. A related party, the Centros Bury St Edmunds Limited Partnership has given its undertaking that will not seek repayment of the loan that it has made available to this company until this company is in a position to make such a repayment without jeopardising the continued operational existence of the company.

#### **1.4 Cash Flow Statement**

The company has taken advantage of the exemption in FRS 1 Cash flow statements (revised 1996) from the requirement to prepare a cash flow statement on the grounds that it qualifies as small.

#### **1.5 Investment properties**

Properties held as investments are shown as fixed assets and are stated at directors' valuation.

Investment properties are revalued annually by the directors. All surpluses and deficits arising on valuation are taken directly to the revaluation reserve, except that any impairment on the value of an investment property is taken to the profit and loss account for the year.

No depreciation or amortisation is provided in respect of freehold investment properties or leasehold investment properties with over 20 years to run.

The treatment may be a departure from the requirements of the Companies Act 2006 concerning depreciation of fixed assets. However, these properties are not held for consumption, but for investment and the partners consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the accounts to give a true and fair view. Depreciation and amortisation is only one of the many factors reflected in the property valuations and the amount which might otherwise have been shown cannot be separately identified or quantified.

#### **1.6 Turnover**

The total turnover of the company for the year represents rental income that is recognised on a straight line basis and arises in the United Kingdom.

#### **1.7 Taxation**

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2010

### Accounting policies continued

#### 1 8 Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions,

- provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold,

- provision is made for deferred tax that would arise on remittance of the retained earnings of joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable,

- deferred tax assets are recognised only to the extent that the Directors consider that it is more likely than not there will be suitable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date
