The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31st March 2019.

The members have not required the company to obtain an audit of its financial statements for the year ended 31st March 2019 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395
- (b) and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

C R Watts - Director

**DELMOOR PROPERTY INVESTMENT COMPANY
LIMITED (REGISTERED NUMBER: 05951747)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH 2019**

1. STATUTORY INFORMATION

Delmoor Property Investment Company Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. There were no material departures from that standard.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in sterling which is the functional currency of the company and are rounded to the nearest £1.

Going concern

The director believes that there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern and therefore the going concern basis remains appropriate in the preparation of the financial statements.

Turnover

Turnover consists of rent receivable from the leasehold investment property held as an operating lease, excluding value added tax. Rent receivable is recognised in the profit and loss account on a straight line basis over the period of the lease.

Financial instruments

With few exceptions, the company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities such as cash, trade and other accounts receivable and payable and loans from banks and other third parties, including related parties.

Basic financial instruments such as those above are recognised in the financial statements at amortised cost.

Any exception to the above are either immaterial or do not affect more than one accounting period.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

3. ACCOUNTING POLICIES - continued

Investment property

Investment properties are included at fair value. Gains and losses are recognised in the Income Statement and included within the fair value reserve. Deferred taxation is provided on these gains at the rate expected to apply when the properties are sold or at the rate applicable at the balance sheet date.

Exemption from preparing a cash flow statement

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Cash and cash equivalents

Cash is represented by cash at bank and on hand, and bank overdrafts.

Operating leases

Assets leased out under operating leases are included in tangible fixed assets.

Trade and other debtors

Trade and other debtors that are receivable within one year and do not constitute a financing transaction are recorded at the undiscounted amount expected to be received, net of impairment.

Trade and other creditors

Trade and other creditors are initially recognised at the transaction price and thereafter stated at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Related parties

For the purposes of these financial statements, a party is considered to be related to the Company if:

- (i) the party has the ability, directly or indirectly, through one or more intermediaries, to control the company or exercise significant influence over the company in making financial and operating policy decisions, or has joint control over the company.
- (ii) the company and the party are subject to common control.

4. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2018 - NIL).
