Notes to the Financial Statements

1. Accounting policies

1.1 Basis of preparation of financial statements

Medical Imagaing Audit and Accreditation Limited is a private company incorporated, domiciled and registered in the UK. The registered number is 05956590 and the registered address is Beechwood Hall, Kingsmead Road, High Wycombe, Buckinghamshire, HP11 1JL.

The Financial Statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of Financial Statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies.

1.2 Financial reporting standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
  - paragraph 79(a)(iv) of IAS 1;
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures

1.3 Going concern

The Company's business activities, together with the factors likely to affect its future development and position, are set out in the Principal Activity section of the Directors' Report on page 2.

The Company participates in the Group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries. In order to finance the working capital and capital investment, the Company's immediate parent undertaking InHealth Reporting Limited has provided confirmation that it will for at least 12 months from the date of approval of these Financial Statements continue to make available such funds as are needed by the Company and in particular will not seek repayment of amounts currently made available. The Directors believe that these banking arrangements will continue for the foreseeable future.

On the basis of their assessment of the Company's financial position and of the enquiries made by the Directors of InHealth Reporting Limited, the Company's Directors have a reasonable expectation that the Company will be able to continue in operational existence for the foreseeable future. The Directors have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the Company to continue as a going concern. Thus they continue to adopt the going concern basis of accounting in preparing the annual Financial Statements.

2. Staff numbers and costs

The Company has no employees and all Directors' remuneration was borne by InHealth Limited during the year. The notional cost of Directors to the Company was £2,000 (2017: £2,000) during the year. None of the Directors received any remuneration from the Company during the current or prior year.

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments.

Credit risk, liquidity risk and market risk are not considered material for the Company. These financial risks are considered on a consolidated basis in the Company's ultimate parent company's consolidated Financial Statements.

6. Post balance sheet events
