For the year ending 31 December 2016 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- the directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.
- these accounts have been delivered in accordance with the provisions applicable to companies subject to the small companies' regime of the Companies Act 2006 and in accordance with the provisions of FRS102 Section 1A – Small Entities.

The Company has opted not to file the statement of comprehensive income in accordance with provisions applicable to companies subject to the small companies' regime.

The financial statements were approved by the Board of Directors on 15 September 2017 and were signed on their behalf by

Andrew Marran

Director

Notes to the financial statements

1 Accounting policies

Basis of accounting

The accounts have been prepared under the historical cost rules. The financial statements are compliant with FRS102 Section 1A – Small Entities.

Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to customers during the year. It is recognised once the service has been completed.

Fixed assets

Depreciation is provided by the Company to write off the cost of tangible fixed assets over their estimated useful lives:

Land and Buildings

33 years

Fixtures and fittings

3 to 10 years

Intellectual property

5 years

Stock

Stocks are valued at the lower of cost or net realisable value.

Taxation

The charge for taxation is provided for on the taxable profit for the year at the current rate and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Provision is made for deferred tax only to the extent that it is probable that an actual liability will crystallise in the foreseeable future.

Foreign Currencies

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions. At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains or losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income except when deferred in other comprehensive income as qualifying cash flow hedges. Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of comprehensive income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the statement of comprehensive income within 'other operating income'.
