Directors' report

The directors present their annual report on the affairs of the company together with the financial statements and auditor's report for the year ended 31 December 2016. This Directors' Report has been prepared in accordance with the special provisions relating to small companies. The company has taken advantage of the small companies' exemption from preparing a Strategic Report.

Principal activities and review of business

The company was incorporated in 2006 and started direct sales to the UK and Irish markets from 1 January 2009. The main activities of the company are to promote sales in the UK and Irish market for organic laboratory chemicals for academic/industrial research and development activities. Furthermore, the company continues to investigate the UK and Irish markets in order to increase sales.

The results for the year are given in the profit and loss account on page 9 of the financial statements.

Future developments

The directors anticipate increases in sales and activity. To support the increase in activity the directors expect staff numbers to continue to increase.

Going concern

The company meets its day-to-day working capital requirements through support offered by its parent company. The ultimate parent company, Tokyo Chemical Industry Co., Ltd, has provided a written commitment of financial support, which is legally binding for at least 12 months from the date of approval of these financial statements.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Further details regarding the adoption of the going concern basis can be found in the statement of accounting policies in note 1 of the financial statements.

Principal risks and uncertainties

Foreign exchange risk represents a challenging issue for the company as most purchases are denominated in foreign currency and the company does not use derivatives to manage its financial risks. In order to mitigate the risk the company looks to settle the creditor position with its sole supplier, TCI Europe NV, as regularly as possible to reduce the exposure to currency fluctuations.

Interest rate risk .

There are no borrowings. The company is only exposed to interest rate risk on interest receivable on cash.

Credit risk.

Because of the trading nature of the company, the directors consider credit risk to be relevant to the company. This risk is mitigated through credit control procedures and regular reviews of the trade debtors balance.

Liquidity risk

Liquidity risk is also relevant for the company as, being in its infancy, it is yet to become profitable. This risk is mitigated through support from its parent company.

Results and dividends

The directors do not propose the payment of a dividend in 2016 (2015: £nil).

Directors' report (continued)

Directors

The directors, who served throughout the year and to the date of this report except as otherwise noted, were as follows:

Kohji Asakawa (appointed 16 November 2006) Seiichiro Asakawa (appointed 16 November 2006)

Disclosure of information to the auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware;
- the director has taken all the steps that he ought to have taken as director to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Auditor

Deloitte LLP have expressed their willingness to continue in office as auditor and appropriate arrangements have been put in place for them to be deemed reappointed as auditor in the absence of an Annual General Meeting.

Approved by the Board on 29 September 2017 and signed on its behalf by:

Seiichiro Asakawa

Director

Directors' responsibilities statement

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of Tokyo Chemical Industry UK Ltd

We have audited the financial statements of Tokyo Chemical Industry UK Ltd for the year ended 31 December 2016 which comprise the Profit and Loss Account, the Balance Sheet and the related notes 1 to 14. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2016 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report has been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Directors' Report.

Independent auditor's report to the members of Tokyo Chemical Industry UK Ltd (Continued)

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies exemption from the requirement to prepare a Strategic Report.

Andrew Lowes (Senior Statutory Auditor)

For and on behalf of Deloitte LLP

The financial statements of Tokyo Chemical Industry UK Ltd (registered number 06000696) were approved by the board of directors and authorised for issue on 29 September 2017. They were signed on its behalf by:

Sciichiro Asakawa

Director

Notes to the financial statements

For the year ended 31 December 2016

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and the preceding year.

a. General information and basis of accounting

Tokyo Chemical Industry UK Ltd is a company incorporated in the United Kingdom under the Companies Act.

The Company is a private Company limited by shares and is registered in England. The address of the registered office is given on page 3.

The financial statements have been prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Section 1A of Financial Reporting Standard 102 (FRS 102) 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' issued by the Financial Reporting Council.

b. Going concern

The company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Directors' Report on page 4. The company meets its day-to-day working capital requirements through support offered by its parent company. The ultimate parent company, Tokyo Chemical Industry Co., Ltd, has provided a written commitment of financial support, which is legally binding for at least 12 months from the date of approval of these financial statements.

As a result, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

c. Basic financial instruments.

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price plus attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument.

Cash at bank and in hand

Cash at bank and in hand comprises cash in hand and deposits repayable on demand, less overdrafts payable on demand to the extent that there is no legal right of set off.

d. Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Office equipment 25% on cost

e. Turnover

Turnover is stated net of VAT and trade discounts. Turnover from the sale of goods is recognised when the goods are physically delivered to the customer. Turnover from the supply of services represents the value of services provided under contracts to the extent that there is a right to consideration and is recorded at the value of the consideration due.

f. Employee benefits

The company did not have any pension scheme during the period

Notes to the financial statements (Continued)

For the year ended 31 December 2016

1. Accounting policies (Continued)

g. Foreign currency

Monetary assets and liabilities denominated in foreign currencies (Euro) are translated into pound sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss.

h. Leases

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable as an incentive to sign an operating lease are similarly spread on a straight-line basis over the lease term.

i. · Taxation

Current UK corporation tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse based on the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

2 Accounting estimates and judgements

Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The directors do not believe that there are any critical accounting judgements or key sources of estimation uncertainty.

A deferred tax asset has not been recognised in respect of timing differences relating to unutilised trading losses as there is insufficient evidence that the asset will be recovered. The amount of the asset not recognised is £295,478 (31 December 2015: £278,068).

On 8 July 2015 the Chancellor announced reductions in the statutory rate of UK corporation tax to 19% from 1 April 2017 then 18% from 1 April 2020. This change became substantively enacted on 26 October 2015 and the rate of 18% has been used to calculate any deferred tax. On 16 March 2016 the chancellor announced a further reduction to 17% in the statutory rate of UK corporation tax to 19% from 1 April 2017. At the date of signing the financial statements this rate had not been substantively enacted and therefore has not been applied.
