## **TO THE MEMBERS**

### **Final progress report to members**

#### **Ingenious Broadcasting 17 Plc in liquidation**

We are now able to complete the winding-up of the affairs of this company, in respect of which we were appointed joint liquidators on 1<sup>st</sup> June 2011

We enclose a schedule giving statutory details of our appointment

#### **Final outcome in realising assets**

We enclose a summary of our receipts and payments for the entire liquidation. We have provided comparisons of the realisations with the original director projections in the declaration of solvency, which we hope you will find helpful. As you will see the investments realised £1,831,550 compared to £1,837,487 originally estimated by the directors. This is because of the historical interest due back to IB2 LLP, which was included in the investments figure on the declaration of solvency.

#### **Creditors' claims and outcome for creditors**

As anticipated at the outset of the liquidation there were no creditors.

#### **Outcome for shareholders**

At the date of the final meeting of shareholders, two capital repayment distributions totalling £1,851,432 will have been made representing 93 2053765p in the £. We declared the first distribution of 92 2000201p in the £ on 2<sup>nd</sup> June 2011. We will make the second and final distribution of 1 0053564p in the £ prior to the final meeting. Some shareholders/investors chose to reinvest their distributions in other ventures.

### **Fees and disbursements policies**

#### **Fee policy**

In line with most practices, we normally calculate our fees on the basis of the time spent by each member of staff. We are prepared to calculate fees as a percentage of realisations or as a fixed fee by special arrangement only where the circumstances warrant it. Where the assignment relates to an insolvency appointment, we are normally required to obtain a resolution from creditors approving the basis of calculation.

Staff of the appropriate grades are allocated to each task on each assignment, according to the size and complexity of the matter, and they record their time in six minute units. Where the fee is to be calculated on the basis of time spent, cost rates for each grade are then used to evaluate the fee. The effectively hourly rates in recent periods are as follows -

|                    | <b>Cost per hour</b>                    |                                           |

The current rates apply with effect from 1<sup>st</sup> December 2011. They are reviewed periodically, typically every 1-2 years, and could therefore increase during any particular assignment.

#### **Disbursement policy**

Where expenses are incurred through third parties specifically in respect of the assignment, they are recharged to the case as incurred, for example statutory advertising, external room hire, fidelity bond, rail travel and external storage. These are defined as category 1 disbursements in SIP9 and approval is not required.

Other expenses can be recharged to the assignment based on a share or allocation of a cost that Portland incurs centrally. These are defined as category 2 disbursements in SIP 9 and approval is required. Typically such expenses and the method of allocation are as follows -
