DIRECTORS' REPORT

5 APRIL 2013

The directors present the Annual Report and Financial Statements of Ingenious Broadcasting 44 Limited ("the Company") for the year ended 5 April 2013

Principal activities

The Company is a member of Ingenious Broadcasting 2 LLP ("the Partnership"), a limited liability partnership formed to produce and exploit a high quality portfolio of television programmes with ongoing potential for commercial exploitation across all media

In assessing which programmes to produce, the Partnership endeavours to work with the most successful broadcasters and sales agents, and to work with, and engage the highest quality co-producers and production services companies and personnel to carry out its production activities. The Partnership also benefits from its relationship with Ingenious Media Holdings plc and its subsidiaries ("the Ingenious Group") in sourcing television projects, and has created a diverse portfolio of programmes with both domestic and international appeal

Review of the year

The results for the year are set out on page 7

Dividends

No interim dividends were paid during the year (year ended 5 April 2012 £nil). The directors do not propose to recommend the payment of a final dividend (year ended 5 April 2012 £nil).

Going concern

On 4 July 2012, the Company approved a reduction of its capital by special resolution of the shareholders passed at a general meeting in accordance with section 642 of the Companies Act 2006 ("the Act") by the cancellation of 1,974,065 Ordinary shares of £1 each. It is the intention of the directors to cease trading in the Company for the foreseeable future. As required by Financial Reporting Standard 18 'Accounting Policies', the directors have therefore prepared financial statements on the basis that the Company is no longer a going concern. No material adjustments arose as a result of ceasing to apply the going concern basis.

Payment of suppliers

The Company agrees payment terms as part of the commercial arrangements negotiated with suppliers. Payments are made on these terms provided the supplier meets its obligations.

The trade creditor days at 5 April 2013 were nil (year ended 5 April 2012: nil)

Financial risk management objectives and procedures

As the Company's key activity is primarily to distribute capital to the shareholders, the recoverability of the outstanding balances due from the Partnership are monitored on a regular basis. This risk is indirectly mitigated by the Partnership's credit control policies and greenlighting procedure. In assessing which programmes to produce, the Partnership endeavours to work with the most successful co-producers, distributors and broadcasters, and to work with and engage the highest quality personnel to carry out its production activities.

Statement of directors' responsibilities

The directors are responsible for preparing the Annual Report and Financial Statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the directors are required to

- select suitable accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable United Kingdom Accounting Standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company, and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware

- there is no relevant audit information of which the Company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

Auditors

In the absence of a notice proposing that the appointment be terminated, the auditors, Shipleys LLP, will be deemed to be re-appointed in accordance with section 487 of the Companies Act 2006.

NOTES TO THE FINANCIAL STATEMENTS 5 APRIL 2013

1. Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention. The financial statements have been prepared in accordance with applicable United Kingdom Accounting Standards. The significant accounting policies adopted are summarised below.

For the reasons explained in the Directors' Report, the financial statements have not been prepared on a going concern basis. No adjustments were necessary to the amounts at which the remaining assets and liabilities are included in these financial statements.

Investment in the Partnership

The investment in the Partnership is accounted for using the equity method. The Profit and Loss Account includes the Company's share of the Partnership's profits less losses while the Company's share of the net assets of the Partnership is shown in the Balance Sheet.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet date.

Deferred taxation is provided in full on timing differences that result in an obligation at the Balance Sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Financial instruments

The Company's principal financial instrument is its bank balance. The main purpose of the bank balance is to provide funding for the Company's operations and to ensure the Company can meet its liabilities as they fall due. Due to the nature of the financial instrument used by the Company, there is no exposure to price risk. Credit risk of receivables is closely monitored. The Company makes use of money market facilities when appropriate.
