### STRATEGIC REPORT FOR THE YEAR ENDED 31 OCTOBER 2017

#### PRINCIPAL ACTIVITIES

The Company's principal activities were that of grain merchants.

#### **BUSINESS REVIEW**

This year has been another successful trading year, measured by reference to the Key Performance Indicators used by the Board to assess and communicate the financial performance of the Company. These include turnover, gross profit and profit before tax and return on capital.

Sales revenue was £59,739,944 (2016: £44,905,999) the increase mainly due to the full year effect of the integration of the grain trading division of the Woodheads Seeds business on 1 July 2016.

Gross profit was £1,186,476 (2016: £1,277,564) reflecting lower unit gross margins generated as a result of lower average selling prices. The sector generally has experienced reduced gross margins following a more difficult harvest in the autumn of 2016.

Profit before tax was £370,200 (2016: £580,127). This is lower than in the previous year, but the directors consider that this is still a satisfactory return given the conditions created by the difficult harvest conditions at the beginning of the financial year.

The Directors consider that they have the necessary level of expertise and a sustainable business model to ensure the continued success and have plans to further expand the geographical reach of the business.

The liquidity of the business is extremely good, which is an important reputational priority for a trading business where clients require confidence in the financial security of their chosen trade partner.

The Directors confident that banking facilities are adequate to cover any further commodity price increases and consequent effect on working capital utilisation.

## **KEY PERFORMANCE INDICATORS**

The performance of the business is regularly monitored against Key Performance Indicators (KPI's) being that of turnover, gross profit, profit before tax and return on capital, together with profit per tonne and margin. These are monitored on a monthly basis against previous year and budget.

## PRINCIPAL RISKS AND UNCERTAINTIES

The Company does not engage in the taking of speculative commodity positions, although it does make forward purchases and sales. Position reporting systems are in place to ensure the directors are appraised and where possible hedging tools, primarily wheat futures contracts on the London LIFFE market, are used to manage price decisions.

The Company is exposed to substantial customer credit balances, and to mitigate the risk, a credit insurance policy has been purchased to provide partial cover against default by certain customers.

Although there is a constant risk of customer loss from enhanced competition, the Company continues to believe that the Company has the strength of trade and resources and expertise to withstand this concern.

#### **FUTURE DEVELOPMENTS**

The Directors consider they have the necessary level of expertise to ensure the continued success of the business and have future plans to expand the geographical reach of the business.

They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

#### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GRAINLINK LIMITED

We have audited the financial statements of Grainlink Limited ("the company") for the year ended 31 October 2017 which compromise the Profit and Loss Account and Other Comprehensive income, the Balance Sheet and the Statement of Change in Equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- . give a true and fair view of the state of the company's affairs as at 31 October 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 Reduced Disclosure Framework;
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

#### Going concern

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. We have nothing to report in these respects.

#### Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- In our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

#### Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- · the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

#### Directors' responsibilities

As explained more fully in their statement set out on page 6, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

12 February 2018

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

#### 1.2 Going concern

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Business Review on page 4. The financial position of the Company and the principal risks and uncertainties are described in the Business Review on page 4.

The Company's forecasts that show profitability and sufficient cash flow and resources are available to meet the requirements of the business. As a consequence, the directors believe that the Company is well placed to manage its business risks successfully despite the current uncertain economic outlook.

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

#### 1.3 Turnover

Turnover comprises revenue recognised by the Company in respect of goods and services supplied, exclusive of Value Added Tax and trade discounts. Revenue is recognised when goods are delivered to the customer and title has passed.

#### 1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Current (ax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

## 1. ACCOUNTING POLICIES (continued)

### 1.6 Employee benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the profit and loss account in the periods during which services are rendered by employees.

#### 1.7 Stocks and work in progress

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks, Cost includes all direct costs.

Trade and other receivables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses.

## Interest-bearing borrowings

Interest-bearing bank loans and overdrafts are initially recorded at fair value, net of attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between proceeds and redemption value being recognised in the Group Income Statement over the period of the borrowings on an effective interest basis.

## Fair value hedges

Where a derivative financial instrument is designated as a hedge of the variability in fair value of a recognised asset or liability or an unrecognised firm commitment, all changes in the fair value of the derivative are recognised immediately in the profit and loss account. The carrying value of the hedged item is adjusted by the change in fair value that is attributable to the risk being hedged (even if it is normally carried at cost or amortised cost) and any gains or losses on remeasurement are recognised immediately in the profit and loss account (even if those gains would normally be recognised directly in reserves).
