In approving these financial statements as director of the company I hereby confirm the following
For the year in question the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies

Directors' responsibilities

- 1) The members have not required the company to obtain an audit for its accounts for the year in question in accordance with section 476,
- 2) The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

These abbreviated accounts have been prepared in accordance with the special provisions relating to companies subject to the small companies' regime

These abbreviated accounts were approved by the board of directors on 11 May 2010

M Osmond, Director

MARTI OSMOND LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 JANUARY 2010

1. ACCOUNTING POLICIES

1a. Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1b. Tangible fixed assets

Fixed assets are shown at historical cost

Depreciation is provided, after taking account of any grants receivable, at the following annual rates in order to write off each asset over its estimated useful life by the reducing balance method

	2010	2009
	%	%
Plant and equipment	25	25
Motor vehicles	25	25
Fixtures and fittings	15	15
Equipment	15	15

1c. Taxation

Corporation tax payable is provided on taxable profits at the current rate

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

1d. Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in the year.
