FOLKESTONE HARBOUR (4) LIMITED

Notes to the financial statements

1 Accounting policies

a) Accounting convention

These financial statements were prepared in accordance with Financial Reporting Standard 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014 and adopted for the first time in the current period. The presentation currency of these financial statements is sterling. These financial statements have been prepared under the historical cost convention.

In these financial statements, the Company is considered to be a small entity (for the purposes of this FRS) and has applied the exemptions available under Section A of FRS 102 in respect of the preparation of a Cash Flow Statement and related notes and a Statement of Changes in Equity.

In the transition to FRS 102 from old UK GAAP, the Company has made no measurement and recognition adjustments. As such, no equity reconciliations between UK GAAP and FRS 102 at the transition and comparative dates have been presented.

The Company considered the effect of the transitional arrangements of FRS 102 on the interest free loans as disclosed in notes 5 and 6. Under FRS 102 borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, borrowings are stated at amortised cost using the effective interest method, less any impairment losses. As stated in note 5, with effect from 1 January 2015 the loans were made repayable on demand and are therefore held at par. The Company has not restated the 31 December 2014 position to impute a market rate of interest on the loans prior to the variation of the loan agreements. The Company considered that such an adjustment would not be beneficial to the users of these financial statements because the adjustment would be recognised and immediately released in the two periods being presented in these financial statements. The carried forward profit and loss account reserve would be unchanged as currently presented at 31 December 2015.

A key source of estimation uncertainty within these financial statements surrounds the carrying value of the company's investment in Folkestone Harbour Limited Partnership. The Director has reviewed the carrying cost of this investment against estimates of net realisable value (NRV). The Director has arrived at NRV by valuing the investment at an amount equivalent to the company's share of net assets of the partnership. This has given rise to an increase in value of £1,274,770 (2014 decrease - £230,120). Should there be further significant movement in UK real estate pricing, then further write-downs or write-backs of the investment may be necessary.

b) Investments

Investments are held at cost less any provision for impairment.

FOLKESTONE HARBOUR (4) LIMITED
Notes to the financial statements continued

c) Going concern

The financial statements have been prepared on the going concern basis which the director believes to be appropriate for the following reasons. The company is dependent for its working capital on funds provided to it by Folkestone Harbour Holdings Limited, the company's ultimate parent. Folkestone Harbour Holdings Limited has indicated that for at least 12 months from the date of approval of these financial statements, it intends to continue to make available such funds as are needed by the company and in particular it does not intend to seek repayment of the amounts currently made available. The director considers that this should enable the company to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment. As with any company placing reliance on other group entities for financial support, the director acknowledges that there can be no certainty that this support will continue although, at the date of approval of these financial statements, he has no reason to believe that it will not do so.

FOLKESTONE HARBOUR LIMITED PARTNERSHIP

Notes to the financial statements

1 Accounting policies

a) Basis of preparation

Under the Partnership and Unlimited Companies (Accounts) Regulations 2008, the partnership, as a qualifying partnership, is required to prepare and have audited an annual report and financial statements under Part 15 and Chapter 1 of Part 16 of the Companies Act 2006 as if the Partnership was a company formed and registered under the Companies Act.

These financial statements were prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014 and adopted for the first time in the current period. The presentation currency of these financial statements is sterling. These accounts have been prepared under the historical cost convention.

In these financial statements, the Partnership is considered to be a small entity (for the purposes of this FRS) and has applied the exemptions available under Section A of FRS 102 in respect of the preparation of a Cash Flow Statement and related notes.

In the transition to FRS 102 from old UK GAAP, the Partnership has made no measurement and recognition adjustments. As such, no equity reconciliations between UK GAAP and FRS 102 at the transition and comparative dates have been presented.

A key source of estimation uncertainty within these financial statements surrounds the carrying value of inventory. The Director of the General Partner has reviewed the carrying costs of inventory against estimates of net realisable value (NRV). The Director has arrived at NRV taking account of an estimate of cash flows projected to arise from the realisation of inventory having obtained external advice. This has given rise to an increase in value for the year of £10,978,867 (2014 decrease - £1,823,050). Should there be further significant movement in UK real estate pricing, then further write-downs or write-backs of inventory may be necessary

b) Turnover

Turnover is recognised in the accounts in the period when the related goods or services are provided. Rental income is recognised on a straight-line basis over the period of the lease.

c) Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and, where appropriate, provision for impairment. The cost of fixed assets is depreciated by equal instalments over their useful economic lives as follows;

Fixtures and fittings held at leasehold tenant's premises - over the life of the lease.

Other fixtures and fittings and motor vehicles – over three years.

FOLKESTONE HARBOUR LIMITED PARTNERSHIP

Notes to the financial statements continued

d) Inventory

Inventory is included in the accounts at the lower of cost and net realisable value.

Cost comprises land acquisition costs together with professional fees incurred in the process of acquiring the land and in respect of preparing the re-development plan.

Folkestone Harbour Limited Partnership owns the beneficial interest in the land, the legal title of which is held by Folkestone Harbour Nominee (1) Limited and Folkestone Harbour Nominee (2) Limited

e) Interest income

Interest income is recognised in the period to which it relates.

f) Taxation

The Partnership is not a taxable entity and accordingly no provision is made in these accounts for taxation.

2 Turnover

Turnover comprises principally of rental income arising on properties let in the period prior to their re-development and other ancillary income.
