STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2023

The Directors present the strategic report and the audited financial statements of the Company for the year ended 31. March 2023. These financial statements are prepared in accordance with United Kingdom Generally Accepted —— Accounting Practice (United Kingdom Accounting Standards), including FRS 101 "Reduced Disclosure Framework".

PRINCIPAL ACTIVITIES

The principal activities of the Company are the administration of the Group's payroll function and pension schemes, as well as being an intermediate holding Company. The results for the year include the Group's staff costs and revenues associated with the sale of related services to another Group Company. Also included is interest on the Group's external borrowings.

The Company is incorporated in England and Wales and domiciled in England in the United Kingdom.

SALE OF THE NATIONAL BUSINESS

On 25 June 2021, KCOM announced the sale of its national ICT business (the "National Business") to GCI Network Solutions Limited ("Nasstar"). The sale was subsequently completed on 31 July 2021. Following the criteria in IFRS 5 "Non-current Assets Held for Sale and Discontinued Operations", management considered the requirements to treat the National Business as held for sale to be met as at the 25 March 2021.

Consistent with last year, all income and costs in relation to the National Business are disclosed separately as discontinued operations in the Income Statement.

RESULTS

 ± 25.779 The loss for the financial year amounts to £8,625,000 (2022: £9,759,000).

REVIEW OF THE BUSINESS

During the year ended 31 March 2023, the Company incurred employee costs relating to all employees of the Group.

The services provided by these employees have been recharged to other Group entities resulting in revenue for continuing operations of £36,881,000 (2022: £40,112,000).

The results for the year show an EBITDA before exceptional items from continuing operations of £317,000 (2022: £2,134,000).

Exceptional costs from continuing operations of £nil (2022: £2,645,000) have been recognised in the year relating to restructuring costs associated with redundancies as a result of organisational changes and termination costs associated with the exit of Executive Directors.

On 29 September 2020 the indirect Parent Company, KCOM Holdco 3 Limited, entered into a new external loan agreement to fund the activities of the Group Certain statutory entities within the consolidated KCOM Group Limited financial statements, including the Company act as guarantors for the loan facility. The agreement comprises of four facilities totalling total available funds of £475.0 million with a maturity date in 4 years on 28 September 2025. At 31 March 2023 a combined amount of £390.0 million was drawn down under the agreement, with the remaining being available to draw down upon request over the duration of the loans.

YEAR END POSITION

As at 31 March 2023, the Company remains in a strong net asset position of £9,435,000 (2022: £45,126,000). The Company has loans from related parties of £165,500,000 (2022: £151,664,000).

STRATEGIC OBJECTIVES

The Company's strategic objectives are to support the KCOM Group in achieving its strategic objectives, which can be found in the KCOM Group Limited annual report and financial statements on page 3.

PRINCIPAL RISKS AND UNCERTAINTIES

The principal risks associated with the Company are considered to be security and resilience of our IT systems, health and safety, and the ability to attract and retain talent within the business. Further details of the risks can be found on pages 7 to 8 of the Strategic report in the annual report and financial statements of the KCOM Group Limited.

Approved by the board, and signed on its behalf.

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2023

The Directors present the annual report and the audited financial statements of the Company for the year ended 31 March 2023. These financial statements are prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards), including FRS 101 "Reduced Disclosure Framework".

FUTURE DEVELOPMENTS

The Directors are focused on maintaining the Company as a holding Company. For further details of future developments of the group; see page 3 in the KCOM Group Limited annual report and financial statements.

DIVIDENDS

The Company did not recommend or pay any dividends during the year (2022: £nil).

FINANCIAL RISK MANAGEMENT

In the normal course of business, the Company is exposed to certain financial risks, principally interest rate risk, liquidity risk and credit risk. These risks are managed by the central treasury function of KCOM Group Limited, in conjunction with the Company, in accordance with risk management policies that are designed to minimise the potential adverse effects of these risks on financial performance. The policies are reviewed and approved by the Board of KCOM Group Limited.

Further details of the financial risk management policies can be found on page 16 of the Directors' report in the annual report and financial statements of the KCOM Group Limited.

EMPLOYEES

List is fined fined in The Company encourages its employees to be aware of the financial and economic factors affecting the performance

Employment policies are designed to provide equal opportunities irrespective of colour, ethnic or national origin, anatomatic nationality, sex, religion, material or disabled status. Full consideration is given to the employment, training and career development of disabled persons.

Lives in the lives. We recognise employee engagement as a key factor in motivating and retaining people and aim to create an all the reliable environment where our people can have meaningful input into decisions that affect their working lives.

We consult with our people on planned organisational change on an ongoing basis through our Employee Voice Forum, which has representation from across our business and provides an opportunity for colleagues to give feedback on change programmes.

We conducted a number of surveys through the year to hear opinions about future ways of working as we moved in a limit of the conducted a number of surveys through the year to hear opinions about future ways of working as we moved in a limit of the conducted a number of surveys through the year to hear opinions about future ways of working as we moved in a limit of the conducted a number of surveys through the year to hear opinions about future ways of working as we moved in a limit of the conducted a number of surveys through the year to hear opinions about future ways of working as we moved in a limit of the conducted a number of surveys through the year to hear opinions about future ways of working as we moved in a limit of the conducted and the conducted

Health and safety is an integral part of good business management, and well established systems of safety management are in place throughout the Company. DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2023

SECTION 172 STATEMENT

In accordance with section 172 of the Companies Act 2006 each of our Directors acts in the way they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole.

In doing so Directors have regard, among other matters to:

- the likely consequences of any decision in the long-term;
- the interests of employees;

the Committee of the

14.5 150 :

. . . .

- the need to foster business relationships with suppliers, customers and others;
- the impact of operations on the community and the environment;
- the desirability of the Company maintaining a reputation for high standards of business conduct; and
 - the need to act fairly as between members of the Company.

The key stakeholders of the Company align with those of the Group. Information about key stakeholder groups, their interests and how the Company engages with them and takes their views and concerns into account is detailed on the following page.

While direct stakeholder engagement often takes place at senior management or operational level rather than at Board level, during the year the Board received information about stakeholder views and interests that enabled it to consider the impact of KCOM Group's activities and Board decisions on these groups.

Directors also receive information relating to Company strategy, financial and operational performance, risks and compliance with legal and regulatory requirements.

As a result, the Directors are able to comply with their legal duty under section 172 of the Companies Act 2006.

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2023

STATEMENT-OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors are responsible for preparing the Strategic report, Directors' report and the financial statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards), including FRS 101 "Reduced Disclosure Framework".

Under Company law, Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable standards United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards), including FRS 101 "Reduced Disclosure Framework" have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are also responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and a company are a complete than to ensure that the financial statements comply with the Companies Act 2006.

STATEMENT OF DISCLOSURE OF INFORMATION TO AUDITORS *****

in the case of each Director in office at the date the Directors' report is approved:

- so far as the Directors are aware; there is no relevant audit information of which the Company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as Directors in order to make themselves aware of

INDEPENDENT AUDITORS

nersellation has been passed to maintain Pricewaterhouse Coopers LLP as auditors until such time as the Board decides otherwise.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KCH (HOLDINGS)

Report on the audit of the financial statements

Opinion

In our opinion, KCH (Holdings) Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2023 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 March 2023; the income statement, the statement of comprehensive income, and the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

...We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law: Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit; or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KCH (HOLDINGS) LIMITED

that fact. We have nothing to report based on these responsibilities. With respect to the Strategic report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic report and Directors' report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic report and Directors Report for the year ended 31 March 2023 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the Directors for the financial statements

As explained more fully in the Statement of directors' responsibilities in respect of the financial statements, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities-for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

including fraud, are instances of non-compliance with laws and regulations. We design procedures in the control of the control

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to taxation, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting journal entries to manipulate financial performance and management bias in determining significant accounting estimates that could influence reported performance.

Audit procedures performed by the engagement team included:

*.*7. 7...

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF KCH (HOLDINGS) LIMITED

- Enquiring with management to understand relevant laws and regulations applicable to the Company and their assessment of fraud related risks;
- Identifying and testing journal entries using a risk based targeting approach for unexpected account combinations and users;
- Testing accounting estimates that we deemed to present a risk of material misstatement including assessing the data, methods and assumptions applied by management in the development of each estimate; and
- Reviewing financial statement disclosures and testing to support documentation where appropriate to assess compliance with applicable laws and regulations.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

http://www.frc.org.uk/auditorsresponsibilities for the audit of the financial statements is located on the FRC's website http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, and the state of the companies are purpose or to any other person to whom this report is shown or into a state of the companies are purpose or to any other person to whom this report is shown or into a state of the companies are purpose or to any other person to whom this report is shown or into a state of the companies are purpose or to any other person to whom this report is shown or into a state of the companies are purpose or to any other person to whom this report is shown or into a state of the companies are purpose.

Other required reporting

- Companies Act 2006 exception reporting

2 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
 - ** radequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- remuneration specified by law are not made; or
- With the regardant of the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Andrew McIntosh (Senior Statutory Auditor) for and on behalf of PricewaterhouseCoopers LLP Chartered Accountants and Statutory Auditors

ACCOUNTING POLICIES 1.

H MI

KCH (Holdings) Limited is a private Company limited by shares. KCH (Holdings) Limited is incorporated in and domiciled in England in the United Kingdom. The registered office is 37 Carr Lane, Hull, HU1 3RE. The nature of the Company's operations is described within the Strategic report on page 2.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of accounting

...These financial statements have been prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' (FRS 101). In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the UK (UK-adopted international accounting standards), but makes amendments where necessary in order to comply with the Companies Act 2006 and to take advantage of FRS 101 disclosure exemptions.

The Company is a qualifying entity for the purposes of FRS 101. Note 18 gives details of the Company's ultimate parent and from where its consolidated financial statements prepared in accordance with IFRS may be obtained.

The disclosure exemptions from the requirements of IFRS adopted by the Company in accordance with FRS 101 are as follows:

- a) IFRS 7 'Financial instruments: Disclosures'
- b) The following paragraphs of IAS 1, 'Presentation of financial statements':
 - a. 10(d) (statement of cash flows);
 - b. 16 (statement of compliance with all IFRS);
- 38A (requirement for minimum of two primary statements, including cash flow statements);
 - d. 38B-D (additional comparative information);
 - e. 111 (statement of cash flows information); and

Critical accounting judgements and key sources of estimation uncertainty (continued)

Area	Critical accounting judgement	Key sources of estimation uncertainty
defined benefit schemesAll:	judgement over areas such as: setting appropriate criteriato derive assumptions	Several estimates contribute to the year end valuation including discount rates, inflation and rate of increase to pensions in payment. Changes to these estimates could result in a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Sensitivity analysis is provided in Note 16.
Valuation of investments in subsidiary undertakings The carrying value of investments held in subsidiary undertakings has to be assessed for impairment at the balance sheet date. The impairment assessment is based on the value in use, which is derived from a discounted cash flow model and/or the recoverable amount.	in determining the appropriate discount rate using pre-tax rates that reflect current market assessments of the time value of money and the risks specific to the investments.	In order to calculate the value in use, the Directors are required to estimate the amount and timing of cash flows applicable to the subsidiaries to which the investments relate. These are based on current budgets and forecasts and extrapolated for an appropriate period taking into account growth rate and expected changes to selling prices and operating costs.
The value in use is calculated using the present value of future cash flows expected to arise from the subsidiaries, by applying an appropriate discount rate to the timing and amount of cash flows.	judgement in the consideration of alternative valuation methodologies, namely, fair value less cost to sell.	

Consolidation

The Company is a wholly owned subsidiary of KCOM Group Limited and of its ultimate parent, Macquarie European Infrastructure Fund 6 SCSp. (an investment fund managed by Macquarie Infrastructure and Real Assets (Europe) Limited), registered in Luxembourg.

The parent undertaking of the largest group of undertakings for which group financial statements are drawn up and of which the Company is a member is KCOM Holdco 1 Limited, registered in England and Wales. Copies of KCOM Group Limited and KCOM Holdco 1 Limited's, annual report and financial statements can be obtained from 37 Carr Lane, Hull, HUl 3RE. Therefore, the Company is exempt, by virtue of section 400 of the Companies Act 2006, from the requirement to prepare consolidated financial statements.

1. ACCOUNTING POLICIES (CONTINUED)

The Company meets its day to day working capital requirements through access to the bank facilities of the wider group held within KCOM Holdco 3 Limited and loans with related parties.

The Group's loan facilities, entered into by KCOM Holdco 3 Limited in September 2020, mature in September 2025. Certain statutory entities within the consolidated KCOM Group Limited financial statements, including the Company act as guarantors for the loan facility. The loan facilities require compliance with leverage and - interest cover ratios, on both a forward and backward looking 12-month basis, that are submitted on a biannual - basis. All covenants have been complied with up to the date of signing the financial statements.

On the 26 October 2020, the Company entered into a new Intercompany Loan Agreement with its indirect parent Company, KCOM Holdco 3 Limited, to provide a loan of up to £165.0 million on an uncommitted basis for a period of five years from the date of the first advance to fund the activities of the Company and its subsidiaries.

KCH (Holdings) Limited has received confirmation of the continued financial support from KCOM Holdco 3 Limited supported by the cash flows of the Group, for a period of at least 12 months from the date of signing.

Management has produced forecasts for the Group that have been sensitised to reflect reasonably plausible downside scenarios from current economic conditions. These have been reviewed by the Group Directors and demonstrate the Group is forecast to generate profits and cash and that the Group has sufficient cash reserves manus or annual research and headroom on its banking facility covenants to enable the Group to meet its obligations as they fall due for a period of at least 12 months from the date of signing of these financial statements.

As part of the covenant compliance modelling, we have sensitised forecast cash flows to reflect a severe downside case. As part of the scenario, we are able to rephase cash outflows through capital expenditure and restrict the repayment of intercompany debt (as confirmed by the parent and ultimate controlling party) to mitigate a lock-up (restrictions on repayment of intercompany debt) scenario. There are no severe downside mitigate a lock-up (restrictions on repayment of intercompany debt) scenario. There are no severe downside cases that breach the default covenants.

After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The Company therefore continues to adopt the going concern basis in preparing its financial statements.

Assets held for sale and discontinued operations

In accordance with IFRS 5 'Non-current assets held for sale and discontinued operations', non-current assets and disposal groups are:classified as held for sale only if they are available for immediate sale in their present condition, and a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and expected to be completed within one year from the date of a sale is highly probable and the sale disposal, and are not depreciated or amortised.

Adiscontinued operation is a component of the Company's business that represents a separate major line of business or geographical area of operations which has been disposed of or is classified as held for sale. In the prior year, all income and costs in relation to the National Business segment are disclosed separately as discontinued operations in the Group income Statement. As the sale completed prior to the 31 March 2022 year end there were no balance sheet items relating to the National Business in the prior year comparatives. Further information is provided in Note 17.

Investments

Investments in subsidiaries are heldeat cost less accumulated impairment losses. They are reviewed at each reporting date for possible reversal of the impairment.

1. ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

Recoverable amount is the higher of fair value less selling costs and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

Impairment losses are recognised in the income statement. Impairment losses recognised in respect of cashgenerating units (CGUs) are allocated first to reduce the carrying amount of any goodwill allocated to CGUs
and then to reduce the carrying amount of other assets in the unit on a pro-rata basis.

Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are initially recognised at the amount of consideration that is unconditional. We do not have any material significant financing components. The Company holds trade receivables with the objective of collecting the contractual cash flows, and so it measures them subsequently at amortised cost using the effective interest method.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are creditimpaired. A financial asset is "credit-impaired" when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Livil Livil Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- that is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- a breach of contract such as default or delinquency in payments.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

د 32m و در

The gross carrying amount of a financial asset is written off against the provision when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. For individual customers, this is done on a case by case basis. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities to comply with the Company's procedures for recovery of amounts due. Any subsequent recoveries of amounts previously written off are credited against operating expenses in the income statement.

Cash and cash equivalents

Cash and cash equivalents includes cash in hand, short-term deposits and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet, unless a right of offset exists.

Trade payables

Trade payables are recognised initially at fair value and measured subsequently at amortised cost using the effective interest method.

Share capital

Ordinary shares are classified as equity.

Revenue recognition

Revenue excludes value added tax and comprises the value of services provided. Revenue is recognised in respect of the Company's right to consideration for each performance obligation as it is satisfied.

ACCOUNTING POLICIES (CONTINUED)

Finance income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Exceptional items

Exceptional items are defined as items of income and expenditure which are material and unusual in nature and which are considered to be of such significance that they require separate disclosure in the operating expenses note. Any future movements on items previously classified as exceptional will also be classified as exceptional.

- Restructuring and transformational costs are considered on a case-by-case basis as to whether they meet the exceptional criteria. Other items are considered against the exceptional criteria based on the specific circumstances. The presentation is consistent with the way financial performance is measured by management and reported to the KCOM Group Limited Board.

Taxation

The tax expense represents the sum of the tax currently payable and deferred tax. The tax payable is currently Link the based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and/or items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are recognised generally for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced or increased to the extent that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the

many more and the labelity is calculated at the tax rates that are expected to apply in the period when the liability is settled or recognised in other comprehensive income or directly to equity. In this case the deferred tax is also recognised in other comprehensive income or directly in equity respectively.

Prior year adjustments to current and deferred taxes are recognised if the estimated tax position differs from the final tax position subsequently agreed with the taxation authority.

Financial instruments and hedge accounting

Financial assets and liabilities are recognised in the Company's balance sheet when the Company becomes a name of the instrument. The Company uses derivative financial instruments to hedge its exposure to foreign exchange and interest rate risks arising from operational, financing and investment activities. In accordance with its Treasury Policy, the Company does not hold or issue derivative financial instruments for trading purposes.

Derivative financial instruments are initially and subsequently recognised at fair value. Any gain or loss on remeasurement to fair value is recognised immediately in the income statement. However, where derivatives qualify for hedge accounting, recognition of the resultant gain or loss depends on the nature of the item being hedged.

1. ACCOUNTING POLICIES (CONTINUED)

Financial instruments and hedge accounting (continued)

The fair value of the interest rate swaps is the estimated amount that the Company would receive or pay to terminate the swap at the balance sheet date, taking into account current interest rates and the current creditworthiness of the swap counterparties. The fair value of forward exchange contracts is their quoted market price at the balance sheet date, being the present value of the quoted forward price.

Changes in the fair value of derivative financial instruments that are designated and effective as hedges of future cash flows are recognised directly in other comprehensive income and the ineffective portion is recognised immediately in the income statement. If the cash flow hedge of a firm commitment or forecasted transaction results in the recognition of an asset or liability, then, at the time the asset or liability is recognised, the associated gains or losses on the derivative that had previously been recognised in other comprehensive income are included in the initial measurement of the asset or liability. For hedges that do not result in recognition of an asset or a liability, amounts deferred in equity are recognised in the income statement in the same period in which the hedged item affects net profit or loss.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised or no longer qualifies for hedge accounting. At that time, any cumulative gain or loss on the hedging instrument recognised in equity is retained in equity until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in equity is transferred to the income statement in the period.

Foreign currency translation

These financial statements are presented in Pounds Sterling which is the currency of the primary economic environment in which the Company operates. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

Pensions

Defined contribution

Obligations for contributions to the defined contribution (money purchase) scheme are charged to the income refund or a reduction in the future payments is available.

Defined benefit

For defined benefit retirement schemes, the cost of providing benefits is determined using a building block approach; with FAS 19 actuarial valuations being carried out at each balance sheet date. Remeasurements are recognised in full in the period in which they occur and are recognised in equity and presented in the Statement of comprehensive income.

The current and past service costs of the scheme (the increase in the present value of employees' future benefits attributable to the current or prior periods) are charged to the income statement in the period. The cost or benefit of committed settlements and curtailments is recognised immediately in the income statement. The interest cost of the scheme is recognised in the income statement in the period to which it relates.

The retirement benefit obligation recognised on the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of scheme assets. Should an IAS 19 actuarial valuation result in a net asset position then the amount recognised will be limited to the recoverable amount. The recoverable amount shall be determined with reference to the agreements made between the Company and the Trustees within the pension scheme rules and considered against the requirements of IFRIC 14.

Dividends

Dividends to the Company's shareholders are recognised as a liability in the financial statements in the period in which the dividends are approved by the Company's shareholders.

Dividend income is recognised when the right to receive payment is established.

2. REVENUE

The Control of the Co

nama ama [rest] est. 🤍

Revenue is generated wholly within the UK. All revenue is generated by one class of business, being principally the provision of services to other group companies. Revenue is related to the provision of payroll related services.

3. OPERATING LOSS

Operating loss is stated after charging/(crediting):

	 er este market	2023	2022
·	 	£,000	£'000
 Restructuring costs	 	<u> </u>	2,645
Total	 		2,645

The Directors continue to recognise the need to differentiate costs incurred outside the normal course of business from the underlying trading performance.

In the year ended 31 March 2023, exceptional restructuring costs of £nil were incurred (2022: £2.6 million).

Management scrutinises all restructuring costs on a line by line basis to determine whether they meet the

- Organisation design change costs of £nil (2022: £0.9 million) across all areas of the business following the application of cost saving measures introduced by the 'Fit for growth project' in the prior year.

 These costs predominantly relate to redundancy and associated exit costs for employees to reduce the existing model.
- In the current year £nil (2022: £1.7 million) of costs have been incurred for termination costs associated with the exit of Executive Directors. These are treated as exceptional in line with our Group accounting policy.

5. EMPLOYEES AND DIRECTORS

Defined benefit schemes

...The Company operates two defined benefit schemes, the Kingston Communications Pension Scheme ('Main scheme') and the Kingston Communications (Data) Pension Scheme ('Data scheme'). Both schemes are closed to both new members and future benefit accrual.

The defined benefit schemes are operated in the UK under the same regulatory frameworks. Both schemes are final salary pension schemes which provide benefits to members in the form of a guaranteed level of pension payable for life at retirement. The level of benefits provided depends on the members' length of service and their final pensionable salary at the date they left the scheme.

In both cases, the schemes are funded and the assets of the schemes are held separately from the assets of the Company in Trustee administered funds.

All of the benefit payments are made from these Trustee administered funds. Scheme assets held in trusts are governed by local regulations and practice, as is the nature of the relationship between the Company and the Trustees (or equivalent) and their composition. The schemes are also offered additional security and funded, the problem of the relationship between the Company and the Trustees (or equivalent) and their composition. The schemes are also offered additional security and funded, the problem of the relationship between the Company and the problem of the relationship between the company and the problem of the relationship between the company and the problem of the relationship between the company and the problem of the relationship between the company and the problem of the relationship between the pr

Table 12 to 12 to 12 to 12 Responsibility for governance of the schemes lies with the Trustees. The Trustees must be composed of the participants in accordance with each scheme's individual Rules.

The pension schemes are subject to a full actuarial valuation every three years using assumptions agreed between the Trustees and the Company: The purpose of this valuation is to design funding plans to ensure that the pension schemes have sufficient funds available to meet future benefit payments. The Company's funding policy is to ensure assets are always sufficient to cover accrued service liabilities. There are no employer contributions scheduled for the future for both schemes. The Scheme's liabilities continue for (approximately 13 years for the Main Scheme and 14 years for the Data Scheme)

The information disclosed below is based on the preliminary results of the latest formal actuarial valuation of the plans, which was undertaken as at 1 April 2022. This has been updated to 31 March 2023 by an independent qualified actuary, using assumptions that are consistent with the requirements of IAS19.

The valuation standard in From the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension valuation changes in mortality of members and commutation in the preliminary results of the pension of £7.4 million recognised within other comprehensive income in the pension valuation changes in the preliminary results of the pension valuation recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other comprehensive income in the pension valuation of £7.4 million recognised within other pension valuation of £7.4 million recognised w

Surplus positions of £6.3 million on the Main scheme and £1.2 million on the data scheme have been recognised. This is recognised on the basis that, in line with the scheme rules, any excess funds are recoverable upon winding up of the scheme. This is consistent for both the schemes and supports the application that there are no additional liabilities from minimum funding requirements under IFRIC 14.

There is no employer contributions scheduled for the future for both schemes. The schemes' liabilities continue the scheme and 14 years for the Data Scheme).

Significant estimates: IAS 19 assumptions and sensitivity

The significant IAS 19 assumptions were as follows:

•	2023	2022
a series and a series are a series and a ser	Main I	Data Main Data
	scheme sch	eme scheme scheme
RPI inflation	3.30% 3.3	3.75% 3.75% 3.75%
CPI inflation I III III IIII IIII IIII	2.85% 2.8	3.2 5% 3.25% 3.25%
Rate of increase to pensions in payment	2.73% 3.8	3.00 % 3.93%
Discount rate for scheme liabilities	4.75% 4.7	75% 2.65% 2.65%

Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics.

The assumptions translate into an average life expectancy in years for a pensioner retiring at age 65 as follows:

7.7 mg. 1.		3825		202	2023		2
			Tar L	Main scheme	Data scheme	Main scheme	Data scheme
Retiring at the	end of the r	eporting y	ear:				
- Male	er men		<u>-:</u>	21	22	22	23
- Female [1]	**		<u> </u>	23	24	23	25
Retiring 20 yea	rs after the	end of the	reporting year:				
- Male			·	23	24	23	23
- Female				25	26	25	26

16. RETIREMENT BENEFIT ASSET (CONTINUED)

13 latest right The sensitivity of the defined benefit obligation to changes in the significant weighted principal assumptions is:

				Increase in assumption		De	1				
<u> </u>	* 1 - - 2			202	23	202	2	202	3	202	2
				Main scheme £'000	Data scheme £'000	Main scheme £'000	Data scheme £'000	Main scheme £'000	Data scheme £'000	Main scheme £'000	Data scheme £'000
Sensit	ivity to 1	% change	to:				-				
Disco	unt rate	• • •		(10.6%)	(11.4%)	(1.5%)	(1.5%)	12.8%	13.9%	1.5%	1.5%
. RPI It	nflation	-		10.3%	3.5%	1.4%	0.6%	(8.3%)	(3.1%)	(1.3%)	(0.4%)
Sensit	ivity to 1	year chan	ge in				-				
life ex	pectancy		 	(3.1%)	(3.3%)	3.9%	4.0%	3.0%	3.3%	(3.9%)	(4.0%)

The above sensitivity analyses are based on a change in a single assumption while holding all other assumptions with the constant. In practice, this is unlikely to occur, and the changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the lend of the reporting year) has been applied as when calculating the defined benefit liability recognised on the balance sheet.

is a bigger of assumptions used in preparing the disclosed results and types of assumptions used in preparing the disclosed results the first term and sensitivity analysis has not changed compared to the prior year.

Liability Matching Funds

Part of the investment objective of the Schemes is to minimise fluctuations in the Schemes' funding levels due to relative changes in the value of the Schemes' assets and liabilities. This is primarily achieved through "liability matching funds", whose main goal is to align movements in the value of assets with movements in the schemes' liabilities arising from changes in market conditions. The schemes have hedging that covers a proportion of the interest rate movements and inflation movements, as measured on the Trustees' funding assumptions which use a discount rate derived from gilt yields.

and an an arrange Liability matching funds primarily involve the use of government and corporate bonds. Derivatives such as the last a result of the line and inflation swaps may also be used. There are no annuities or longevity swaps currently held by the Schemes.

male in Tame in Mile. The value of the liability matching fund assets are determined based on the latest market bid price for the

Diversified Growth Funds

and to reduce volatility in The schemes employ diversified growth funds to reduce volatility in the Schemes' asset values (compared to traditional equity investments), whilst maintaining an appropriate level of return. These funds typically invest action in a range of public and private market assets, including equities, bonds, commodities, property and other assets.

Unquoted securities, consisting of pooled investment vehicles, are stated at fair value at year end as provided to the investment managers. Pooled investment vehicles are stated at bid price for funds with bid/offer spreads, or single price where there are no bid/offer spreads.

Future benefit payments

enticalizing of the Parent CrKCH (Holdings) Limited, a wholly owned subsidiary of the Parent Company, is responsible for all obligations and that the financial statements.

Limited is unable to meet its obligations to the schemes, such obligations would be met by the Perent Company.

Limited is unable to meet its obligations to the schemes, such obligations would be met by the Perent Company.

Notice the scheme at 31 March 2023 (2022: £Nil).

Defined contribution schemes

En schemes, which are open to all eligible employees. Contribution schemes, which are open to all eligible employees. Contributions are fine contribution and an archarged to the income statement in respect of defined contribution schemes amounted to £1.8 million (2022: £1.9 million) for continuing operations.

17. DISCONTINUED OPERATIONS

period of strategic review following the acquisition of the Group by KCOM Holdco 3 Limited on 1 August 2019. The associated assets and liabilities were consequently presented as held for sale in the year ended 31 March 2021 and the National Business segment was classified as a discontinued operation.

On 31 March 2021, the Group finalised the sale of the National Business consumer base for £1.2 million. On the 31

July 2021 KCOM Group Limited completed the sale of the trade and net assets of the National ICT business (predominantly the previously disclosed National Business segment) to GCI Network Solutions Limited ("Nasstar") for consideration of £31.4 million. The consideration was comprised of £29.4 million upfront cash and £2.0 million of deferred consideration payable 12 months after the completion date. Financial information relating to the discontinued operation for the period to the date of disposal is set out below.
