## Notes to the Financial Statements for the Year Ended 30 June 2019

### 1. STATUTORY INFORMATION

Green Hat Solutions Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling  $(\mathfrak{t})$ .

### 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

### 3. ACCOUNTING POLICIES

### Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

### Significant judgements and estimates

Management make estimates and assumptions concerning the future. The resulting accounting estimates and judgements by definition, seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial period.

#### **Turnover**

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on reducing balance

### 3. ACCOUNTING POLICIES - continued

#### Financial instruments

The company only enters into basic financial instruments that result in the recognition of financial assets and liabilities.

Short term debtors are measured at transaction price, less any impairment. Long term debtors and loan receivable are measured initially at transaction price, net of transaction costs and are subsequently measured at fair value using the effective interest method, less any impairment.

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of withdrawal. Cash equivalents are readily convertible to known amounts of cash with insignificant risk of change in value.

Short term creditors are measured at transaction price. Long term creditors and loans are measured initially at transaction price, net of transaction costs and are subsequently measured at fair value using the effective interest method.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method.

#### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

### Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.
