- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of sections 394 and 395, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company.

**NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2014**

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements are prepared in accordance with applicable UK accounting standards under the historical cost convention.

Consolidation

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

Turnover

Turnover comprises service management fees in respect of expenses incurred on behalf of Somerset Capital Management LLP ("the LLP"), (see note 2) and are accounted for on an accrual basis. Turnover also includes a profit share allocation from the LLP.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange ruling at the date of the transaction. Assets and liabilities denominated in foreign currency are translated into sterling at the rates of exchange ruling at 31 March 2014. Exchange differences are taken to the profit and loss account.

Depreciation

Depreciation is provided on a straight line basis to allocate the cost, less estimated residual value, of the tangible fixed assets over their estimated useful lives:-

Office equipment	-	3 years
Computer equipment	-	3 years
Fixtures & fittings	-	3 years
Leasehold improvements	-	5 years

Where there is evidence of impairment, fixed assets are written down to their recoverable amount. Any such write down would be charged to operating profit.

Operating Lease

Rentals payable under operating leases are charged to the profit and loss account on a straight line basis over the period of the leases.

Taxation

The payment of taxation is deferred or accelerated because of timing differences between the treatment of certain items for accounting and taxation purposes. Full provision for deferred taxation is made under the liability method, without discounting, on all timing differences that have arisen, but not reversed by the balance sheet date, unless such provision is not permitted by Financial Reporting Standard 19.
