Mr A Burton, Director

Notes to the Abbreviated Accounts for the period ended 28 February 2014**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

The financial statements have been prepared on the going concern basis as the director has agreed to continue to support the company to ensure that it will continue trading for at least 12 months from the date of approving the financial statements.

Turnover policy

Turnover represents amounts receivable for goods and services net of VAT and trade discounts. Turnover is recognised when the invoice is issued for building and construction work carried out on the customers behalf.

Tangible assets depreciation policy

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment - 15% reducing balance basis

Motor vehicles - 25% reducing balance basis

Other accounting policies**Leasing**

Assets obtained under finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.
