1 Accounting policies

These abbreviated accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 2006 relating to small companies and the Financial Reporting Standard for Smaller Entities (effective April 2008) and have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The following principal accounting policies have been applied:

Going concern

The financial statements have been prepared on a going concern basis, validity of which is dependent upon the continuing financial support of the parent undertaking which their directors have provided.

Turnover

Turnover represents amounts receivable for food, beverage and service fees net of VAT and trade discounts. Turnover is recognised on an accruals basis.

Depreciation

Depreciation is provided to write off the cost, less estimated residual values, of all tangible fixed assets, evenly over their expected useful lives. It is calculated at the following rates:

Land and buildings leasehold	- over lease period
Fixtures, fittings and equipment	- 15% straight line

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost is based on the cost of purchase on a first in, first out basis. Net realisable value is based on estimated selling price less additional costs to completion and disposal.

Leased assets

All leases are treated as operating leases. Their annual rentals are charged to the profit and loss account on a straight-line basis over the term of the lease.

Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that the recognition of deferred tax assets is limited to the extent that the company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not discounted.
