## **Clwyd Costs Limited**

### **Notes to the abbreviated financial statements for the year ended 31 March 2013**

#### **1. Accounting policies**

##### **1.1. Accounting convention**

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

##### **1.2. Turnover**

Turnover represents the total invoice value, excluding value added tax, of sales made during the year and derives from the provision of goods falling within the company's ordinary activities

##### **1.3. Tangible fixed assets and depreciation**

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows

Fixtures, fittings and equipment	- 15% reducing balance
-------------------------------------	------------------------

##### **1.4. Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date
