## NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2013

### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements have been prepared on a going concern basis. The company has obtained undertakings from its shareholders that they will continue to support the company for the foreseeable future and meet all third party liabilities as they fall due. Given this undertaking, the director considers it appropriate to adopt a going concern basis in preparing the financial statements.

#### 1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

#### 1.3 Turnover

Turnover represents amounts receivable wholly derived from the company's principal activity.

#### 1.4 Tangible fixed assets and depreciation

Investment properties are included in the balance sheet at cost. No open market valuation has been obtained in order to evaluate whether this differs materially from cost. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.
