NOTES ON THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 28 FEBRUARY 2011

1 Accounting policies

Basis of accounting

The accounts have been prepared under the historical cost convention in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Tangible fixed assets and depreciation

Tangible assets other than freehold land and investment properties are depreciated by annual instalments over their estimated useful lives:

Office Equipment	- 25% reducing balance
------------------	------------------------

Stocks

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.

Turnover

Turnover represents the net value of sales of goods and services provided.
