This template illustrates what the Regulator of Community Interest Companies considers to be best practice for completing a simplified community interest company report. All such reports must be delivered in accordance with section 34 of the Companies (Audit, Investigations and Community Enterprise) Act 2004 and contain the information required by Part 7 of the Community Interest Company Regulations 2005. For further guidance see chapter 8 of the Regulator's guidance notes and the alternate example provided for a more complex company with more detailed notes.

(N.B. A Filing Fee of £15 is payable on this document. Please enclose a cheque or postal order payable to Companies House)

PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

The Company continued to operate at the interface between community, public and private stakeholders within the built environment, working with all of these groups to achieve good outcomes in the planning and design of developments and places, for the benefit of local residents and the wider communities impacted by change.

Processes involving Design Review and Enabling have again been provided/offered during the year, although activity since the impact of the COVID pandemic has seen a reduction in the number of requests for help and changed the manner in which we operate when assigned to a task.

Design Review in Cornwall was provided until December 2022 as a partnership between ourselves and Cornwall Council and the sessions continued to include the involvement of parish council representatives as observers to the process, in order to inform and educate them about design considerations. There were 18no. reviews provided in the 22/23 financial year.

A further design review was also requested and delivered in the Torbay area, together with general advice provided about the structuring, organisation and promotion of the service.

Enabling work was most affected by the pandemic and no additional assignments were undertaken in this financial year. Since historically enabling has been the most profitable area of operation (effectively cross-subsidising Design Review) the viability of the organisation was reviewed and the directors decided it was prudent to facilitate a transition – assisting both Cornwall and Torbay to form new relationships with an alternative service provider, so as to ensure the continuation of this important work and ensuring its availability into the future.

Early in 2023, the organisation was thereby able to effectively enter a state of near dormancy, pending a decision about its future - which the directors expect to take in the next financial year.

(If applicable, please just state "A social audit report covering these points is attached").

(Please continue on separate continuation sheet if necessary.)

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

The stakeholders are broadly based and depend upon the initiatives which emerge, but the Cornwall Design Review Panel as a regular service has a steering group which monitors its performance on an annual basis – and this is a forum comprising local professionals, officers and elected members which considers the general impacts and acts as a consultative board. Feedback has been positive and no significant actions in response have therefore been necessary.

(If applicable, please just state "A social audit report covering these points is attached").

PART 3 – DIRECTORS' REMUNERATION – if you have provided full details in your accounts you need not reproduce it here. Please clearly identify the information within the accounts and confirm that, "There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed" (See example with full notes). If no remuneration was received you must state that "no remuneration was received" below.

See accounts – There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed.

PART 4 – TRANSFERS OF ASSETS OTHER THAN FOR FULL CONSIDERATION – Please insert full details of any transfers of assets other than for full consideration e.g. Donations to outside bodies. If this does not apply you must state that "no transfer of assets other than for full consideration has been made" below.

No transfer of assets other than for full consideration has been made.

(Please continue on separate continuation sheet if necessary.)

PART 5 – SIGNATORY

The original report must be signed by a director or secretary of the company
