**STATEMENT OF FINANCIAL POSITION (CONTINUED)**  
**AS AT 31 DECEMBER 2022**

The directors consider that the Company is entitled to exemption from audit under section 479A of the Companies Act 2006.

The members have not required the Company to obtain an audit for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The Company's financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The Company has opted not to file the statement of comprehensive income in accordance with provisions applicable to companies subject to the small companies' regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf by:

.....  
R Hutchinson  
**Director**

Date: 28 March 2023

The notes on pages 3 to 7 form part of these financial statements.

## **METROPOLIS FINANCIAL PLATFORMS LIMITED**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022**

#### **1. General information**

Metropolis Financial Platforms Limited is a limited company domiciled and incorporated in England and Wales. The registered office is 10th Floor, Southern House, Wellesley Grove, Croydon, CR0 1XG. Metropolis Financial Platforms Limited is a company limited by shares.

#### **2. Accounting policies**

##### **2.1 Basis of preparation of financial statements**

The company's financial statements have been prepared in compliance with FRS 102 as it applies to the financial statements of the company for the year ended 31 December 2022.

This company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The company has therefore taken advantage of exemptions from the following disclosure requirements:

- Section 7 for Statement of Cash Flows: Presentation of a statement of cash flow and related notes and disclosures;
- Section 11 for Basic Financial Instruments and Section 12 for Other Financial Instrument Issues: Interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income;
- Section 33 for Related Party Disclosures: Compensation for key management personnel.

##### **2.2 Foreign currency translation**

###### **Functional and presentation currency**

The Company's functional and presentational currency is GBP.

###### **Transactions and balances**

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

##### **2.3 Going concern**

The directors have at the time of approving the financial statements a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the going concern basis of accounting has continued to be used in preparing the financial statements.

##### **2.4 Revenue recognition**

Turnover represents amounts receivable for goods and services provided excluding sales taxes and trade discounts. Turnover is recognised as follows:

Advertising, copy sales and subscription revenue from printed products is recognised in the period in which the printed product is distributed to the customer and the right to payment has been earned.

##### **2.5 Government grants**

Grants of a revenue nature are recognised in the Statement of Comprehensive Income in the same period as the related expenditure as permitted by FRS 102.

## METROPOLIS FINANCIAL PLATFORMS LIMITED

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

#### 2. Accounting policies (continued)

##### 2.6 Pensions

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

##### 2.7 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse.

##### 2.8 Intangible assets

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight line basis to the Statement of Comprehensive Income over its useful economic life.

The estimated useful lives range as follows:

Publishing rights and titles	-	5 to 20 years
------------------------------	---	---------------

## **METROPOLIS FINANCIAL PLATFORMS LIMITED**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022**

#### **2. Accounting policies (continued)**

##### **2.9 Impairment of assets**

At each reporting date fixed assets are reviewed to determine whether there are any indications that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared to its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount and an impairment loss is recognised immediately in the profit or loss.

If an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in the profit or loss.

##### **2.10 Debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

##### **2.11 Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

##### **2.12 Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

##### **2.13 Provisions for liabilities**

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to profit or loss in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the Statement of Financial Position date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Statement of Financial Position.

#### **3. Judgements in applying accounting policies and key sources of estimation uncertainty**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.
